China Insurance International Acquisition Manual

Description: The Acquisition Manual on China Insurance International is published for two purposes, firstly to identify the company as a potential acquisition target and secondly, to fully analyse all aspects of China Insurance International so that potential purchasers or investors have all the information necessary to enable an objective appraisal. Frankfurt Stock Exchange listed company. The Acquisition Manual on China Insurance International is written in concise and explicit terms which provide exactly the right level of information for each management function within the predator company to enable the formulation of forward strategic plans and attack campaign tactics. The Acquisition Manual on China Insurance International consists of three sections. 1. The Acquisition Database for China Insurance International consists of 20 parts, comprising: The Chairman's Overview; The Chief Executive's Summary; The Financial Controller's Balance Sheets; The Marketing Director's Objectives; The Sales Director's Targets; Corporate Development Stratagem; Product Management Tactics; Overseas Development Guide; Product Distribution & Customer Service Planning; Advertising + P.R. Department Management; Market Research Issues; Administration & Customer Handling; Human Resources Director's Screening Manual; Quality & Product Control Handbook; New Product Development Blueprint; New Technology Primers; Physical Process & Order Handling Schema; Competition Analysis; Product Perceptions; and Customer Perceptions. 2. The Market Research Database for General Insurance. 3. The Business Planning Database for China Insurance International. This publication is presented as a DVD containing the entire web and databases and in addition the data is available online. The DVD-Rom allows readers to access and reproduce the information in their own documents or reports. In addition, the tables and databases published in the reports are available (as Access & Excel formats) on the DVD to enable readers to use these databases for their own spreadsheet calculations and modelling. 13406 pages, 18335 spreadsheets, 18408 database tables, 621 diagrams & maps. Contents change for each edition. Note: This is an abridged version of the main database. Updated monthly. After-Sales and update services available from the publishers.
