Opportunities in Aerospace Interior Market 2014-2020: Market Size, Market Share, Trend and Forecast Analysis

Description: The major drivers for aerospace interior market are increasing air passenger traffic, growth in air freight volumes, and increasing delivery of new aircraft. Aerospace interior needs regular maintenance and are required to be replaced in short intervals. This high replacement rate is expected to further drive this market. Airbus interior market is expected to grow at a greater pace than Boeing. Rise in delivery of A321 and A380 during forecast period is anticipated to support the expansion of Airbus interior market. Delivery of A350 is expected by 2015 which will further boost this market.

This report provides an analysis of the global commercial aerospace interior market including analysis of the market trends, competitive landscape, company profiles, mergers and acquisitions, emerging trends, and key drivers of industry growth. The study also includes global commercial aerospace interior market forecasts through 2020, segmented by regions, by applications, and by platform as follows:

Aerospace interior market by regions:
- North America
- Europe
- Asia Pacific
- Rest of World

Global commercial aerospace interior market by applications:
- Seating
- IFE
- Galley
- Stowage Bin
- Panels
- Lavatory
- Others

Global commercial aerospace interior market by platforms:
- Airbus
- Boeing

On the basis of its comprehensive research, the author forecasts that majority of the segments for global commercial aerospace interior market will grow moderately during 2014-2020. Increasing demand for customized interior products by commercial airliners based on customer needs and passenger comfort helps them to differentiate from the competitors. Stowage bin segment is growing at a greater pace than seating, IFE, galley, panels, lavatory and other segments. Aerospace interior manufacturers are continuously adopting new strategies to gain market share in the industry. Panasonic Avionics Corporation, Zodiac Aerospace, Thales, BE Aerospace are among the major suppliers of aerospace interior market.

This unique report will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

Features of This Report:
To make business, investment, and strategic decisions, you need timely, useful information. This market report fulfills this core need and is an indispensable reference guide for multinational materials suppliers, product manufacturers, investors, executives, distributors, and many more that operate in this market.

Some of the features of "Opportunities in Aerospace Interior Market 2014-2020: Market Size, Market Share, Trend and Forecast Analysis" include:

- Market size estimates: Aerospace interior market size estimation in terms of volume (M lbs) and value ($ M) shipment.
- Segmentation analysis: Aerospace interior market size by various application such as Seat, Gallery, IFE, Stowage Bin, Panels, Lavatory and Others
- Regional analysis: Aerospace interior market breakdown by key regions such as North America, Europe, Asia Pacific, and Rest of World.
- Growth opportunities: Analysis on growth opportunities in different applications and regions.
- Strategic analysis: This includes M&A, new product development, competitive landscape, and expansion strategies in global aerospace interior market suppliers.
- Emerging applications: Emerging applications in global aerospace interior in various markets.
- Analysis of competitive intensity of the industry based on Porter's Five Forces model.

Benefits of Report:
The core competency is in market research and management consulting. In last 15 years, the author has worked on hundreds of market & economic research studies. These market reports offer the following benefits:

- Enhance your growth strategy with the information of key market segments and growth applications.
- Fine tune your business expansion with analysis of trend and forecast and key emerging trends in the industry.
- Explore business opportunities and ascertain new market entry with analysis of emerging geographies.
- Know the business environment with the competitive intensity of the industry, new developments and merger and acquisition deals.

Who Can Benefit From This Report?
This study is intended for senior level executives, sales, marketing and business development professionals at various nodes of value chain of this market. This multi-client market study is used by small to multi-national Fortune 500 companies and utilized for a variety of reasons as follows.

- Business development
- Strategic planning
- Business presentation
- Determination of market size and trend
- Competitive analysis
- Resource and inventory management
- Budgeting
- Investment decisions

Contents:

1. Executive Summary
2. Industry Background and Classifications
   2.1: Introduction
   2.2: Seating
      Economy Class
      First Class Suites
      New Standing Seat Model
   2.3: Stowage bin
   2.4: Galley
   2.5: In-flight entertainment (IFE)
   2.6: Panels
   2.7: Lavatory
   2.8: Others
   2.7: Supply chain
3. Market Trend and Forecast Analysis
   3.1: Market analysis 2013
      3.1.1: Global commercial aerospace interior market by value
      3.1.2: Global commercial aerospace interior market by segment
      Seating
      Galleys
      IFE (In-flight entertainment equipment)
Stowage bin
Panels
Lavatory
Other

3.1.3: Global commercial aerospace interior market of Boeing and Airbus

Airbus
Boeing

3.1.4: Global commercial aerospace interior market by region

3.2: Market trend 2008-2013

3.2.1: Macroeconomic trends

3.2.2: Global commercial aerospace interior market by value

3.2.3: Global commercial aerospace interior market trend by segment
Seating
IFE (inflight entertainment equipment)
Galley
Stowage bin
Panels
Lavatory
Others

3.2.4: Global commercial aerospace interior market trend by platforms

Airbus
Boeing

3.2.5: Industry drivers and challenges

3.3: Market Forecast 2014–2020

3.3.1: Macroeconomic forecasts

3.3.2: Global commercial aerospace interior market forecast by value

3.3.3: Global commercial aerospace interior market forecast by segment by value
Seating
IFE
Galley
Stowage Bin
Panels
Lavatory 97
Others

3.3.4: Global commercial aerospace interior market trend by platforms

4. Competitor Analysis
Airbus
Boeing

4.1: Product portfolio analysis
4.2: Market share analysis
4.3: Geographical reach
4.4: Operational integration
4.5: Porter's five forces analysis

5. Growth Opportunity and Strategic Analysis

5.1: Growth opportunities analysis
5.1.1: Growth opportunity by segment

5.2: Emerging Trends in global commercial aerospace interior market

5.3: Strategic Analysis
5.3.1: Innovations in global commercial aerospace interior market
5.3.2: Mergers and acquisitions in global commercial aerospace interior market
5.3.3: New Product and services in global commercial aerospace interior market
5.3.4: Growth strategies for aerospace interior suppliers

6. Company Profiles of Leading Players
