World Consumption Report on Architectural, Engineering & Related Service Lines

Description: The World Consumption Report on Architectural, Engineering & Related Service Lines. Consumption/Products/Services by country, 6/10-Digit NAICS Product Codes. 3 Time series: 1997 to Current year and Forecasts Current year to 2020 & 2021-2028. Relative Consumption, Local Consumption, Per-Capita Consumption, Marketing Costs & Margins, Product Launch Data, Buyers, End Users & Customer Profile, Consumer Demographics. Historic Balance Sheets, Forecast Financial Data, Industry Profile, National Data. The report is on a DVD containing the entire web and databases, or it is available online. Merge text, tables & databases for own reports, spreadsheet calculations & modeling. 220 Products covered, 2056 pages, 10052 spreadsheets, 9708 database tables, 505 illustrations. Updated monthly. This World Consumption Report on Architectural, Engineering & Related Service Lines provides data on the net consumption of Products and Services in each of the countries listed. The Products and Services covered (Architectural, engineering, & related services Lines) are classified by the 5-Digit United States Commerce Department Major Product Codes and each Product and Services is then further defined and analyzed by each 6 to 10-Digit United States Commerce Department Product Codes. This report consists of a DVD containing the entire report web and databases. Readers can access and reproduce the information for inclusion into their own documents or reports. The tables & databases are in Access & Excel formats on the DVD to enable readers to produce their own spreadsheet calculations and modeling. This database is updated monthly.

Contents: The World Consumption Report on Architectural, Engineering & Related Service Lines. Net consumption of Architectural, Engineering & Related Service Lines Products & Services in each country. This database covers NAICS code: 5413_L. Products/Services classified by 5-Digit US Commerce Department Code and then defined by each 6 to 10-Digit Product Codes. The World Consumption Report on Architectural, Engineering & Related Service Lines covers: TIME SERIES - Historic: 1997 to Current year / Current time series: Current year to 2020 / Long Term Projection: 2021-2028. Consumption given at industry / distribution channel / service or product line level.
