World Distribution Report on Radio Network Lines

Description:

The World Distribution Report on Radio Network Lines describes the distribution (and by implication the marketing and sales) of Products. The data shows the geographic distribution of products that are consumed in the major Cities and Towns PLUS associated Distribution Functions, Structures, Costs and Margins. The Products (Radio networks Lines) are classified by the 5-Digit United States Commerce Department Major Products Codes and each Product Line is then further defined and analyzed by each 6 to 10-Digit U.S. Commerce Department Product Line Codes. The distribution data shows product flow through the major Cities and Towns in each of the countries listed. This report consists of a DVD containing the entire report web and databases. Readers can access and reproduce the information for inclusion into their own documents or reports. The tables & databases are in Access & Excel formats on the DVD to enable readers to produce their own spreadsheet calculations and modeling. This database is updated monthly.
