Summary: Canby, Minnesota; Non-School State Programs Oct 14

Description: Abstract
Standard & Poor's Ratings Services assigned its 'AA+' enhanced rating to Canby, Minn.'s series 2014D general obligation (GO) bonds, based on the city's participation in Minnesota's City Credit Enhancement Program. The outlook is stable. The rating reflects the program's strong cash balances to cover the unlikely event of multiple city defaults and the absence of additional legislative action required to compel the state to cure the default. Authorized in 2008, the City Credit Enhancement Program is the third enhancement program for the state rated by Standard & Poor's, following nearly identical programs for counties (established in 2000) and school districts (established in 1993). We rate all three enhancement programs 'AA+'. The program moves in tandem with its related state rating.
