The Czech Republic Defense Industry - Market Attractiveness and Emerging Opportunities to 2019: Market Profile

Description:

Synopsis
This report provides a detailed analysis of the current industry size and growth expectations during 2014–19, including highlights of the key growth stimulators. It also benchmarks the industry against key global markets and provides detailed understanding of emerging opportunities in specific areas.

Summary
"The Czech Republic Defense Industry - Market Attractiveness and Emerging Opportunities to 2019: Market Profile" is an essential source of information covering the market attractiveness and emerging opportunities of the defense industry in Czech Republic.

With a defense budget of US$2.6 billion which has been hampered by the European debt crisis, the Czech Republic presents but few opportunities for defense manufacturers. The country's defense budget is mainly driven by factors such as renewed weapons procurement in the wake of the crisis in Ukraine, peacekeeping operations and counter terrorism.

Reasons To Buy
"The Czech Republic Defense Industry - Market Attractiveness and Emerging Opportunities to 2019: Market Profile" allows you to:

- Understand the market size and forecasts of the Czech Republic defense industry.
- Understand the budget allocation of the Czech Republic defense industry.
- Gain knowledge on Homeland Security market size and forecast.
- Gain insight into the benchmarking data with Key global markets.
- Understand the key trends and growth stimulators of the Czech Republic defense industry.

Contents:

1 Introduction
1.1. What is this Report About?
1.2. Definitions
1.3. Summary Methodology
1.4. Terrorism Index
1.5. About the Publisher
