The Israeli Defense Industry - Competitive Landscape and Strategic Insights to 2019: Market Profile

Description:

Synopsis
This report provides analysis on competitive benchmarking along with top companies active across the Israel defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Summary
"The Israeli Defense Industry - Competitive Landscape and Strategic Insights to 2019: Market Profile" is an essential source of information covering the top companies of the defense industry in Israel.

The Israeli defense industry is well-developed, with 150 domestic defense firms fulfilling 70% of national defense requirements. Foreign companies often enter the market through military sales programs with domestic firms, and as Israel has a strong defense relationship with the US, the majority of these firms are from the US.
