Elevator and Escalator Market in China 2015-2019

Description: About Elevators and Escalators

Elevators and escalators are vertical transit systems that enable the swift and easy movement of people and freight within a building. They are installed in commercial buildings, residential buildings, mixed-use buildings, IT parks, hotels, restaurants, and retail outlets. They are also installed in public places for enhanced vehicle parking management. There are different types of elevators such as passenger elevators, residential elevators, freight elevators, and vehicle elevators.

The analysts forecast the Elevator and Escalator market in China to grow at a CAGR of 12.86 percent over the period 2014-2019.
