Examination of the Newborn. An Evidence-Based Guide. 2nd Edition

Description:
A practical, evidence-based guide for students and practitioners to undertake safe and effective neonatal examination
Revised and updated throughout in line with current national and Nursing and Midwifery Council guidelines
Full colour photographs and illustrations, as well as clinical case studies at the end of each chapter to help guide and illustrate good practice
A new companion website (available at:)

) contains a wealth of information on all aspects of examining the newborn, including safeguarding, early warning systems, and tongue tie, as well as interactive multiple choice questions, and links to videos
