Global Online Language Learning Market 2015-2019

Description: About Online Language Learning
Language learning during the past couple of years has gained momentum. Among numerous languages spoken worldwide, English has emerged as the most preferred language to learn, after the Chinese Mandarin. With the advent of the internet, ICT tools are being used to provide learning content in digital formats. The Global Online Language Learning market comprises digital content and products that facilitate the learning of a language through these ICT tools. These tools include products and services such as mobile apps, activities, e-books, games, videos, audio clips, digital software, learning lab equipment, and online tutoring. They are interactive, allow real-time feedback, and enhance learning processes, as they involve different formats.

The analysts forecast the Global Online Language Learning market to grow at a CAGR of 10.04 percent over the period 2014-2019.
