cPDM Market in Japan 2015-2019

Description: About cPDM
Collaborative product definition management (cPDM) software solutions is a strategic business approach applying a consistent set of business solutions that collaboratively provide effective and efficient methods for managing the functions of product lifecycle management (PLM). They help in effective product data management, collaborative product visualization, collaborative product commerce, effective integration of cPDM with enterprise applications, and supplier relationship management (SRM). cPDM software solutions assist in streamlining manufacturing and production processes for efficient business operation. cPDM helps enterprises bring innovative and profitable products to market more effectively in the evolving e-business web-enabled environment. These software solutions are adopted by industries such as the Automotive, Electronics, Industrial Machinery, Aerospace and Defense, Process Packaged Goods, Petrochemical, and Shipbuilding.

The analysts forecast the cPDM market in Japan to grow at a CAGR of 10.50 percent over the period 2014-2019.

Covered in this Report
The cPDM market in Japan is divided into two application segments: Comprehensive cPDM and cPDM Focused Applications.

The report, cPDM Market in Japan 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers cPDM market landscape and its growth prospects in the coming years. The report also includes a discussion of the key vendors operating in this market.

Key Vendors
- Dassault Systems
- Oracle
- PTC
- SAP
- Siemens PLM Software

Other Prominent Vendors
- Accenture
- ADS
- Aras
- Autodesk
- CIDEON
- Geometric
- Global Vision Technology
