Handbook of Marine Microalgae

Description: Handbook of Microalgae: Biotechnology Advances offers complete coverage of marine microalgae, including biology, production techniques, biotechnological applications, economic perspectives of applications, and environmental effects of marine microalgae blooms. With contributions from world experts, Handbook of Microalgae: Biotechnology Advances focuses on microalgae from an organism perspective to offer a complete picture from evolution to biofuel.

- Focuses on a comprehensive approach from an organism point of view
- Contains full coverage of all aspects of microalgae from biology through biotechnological and biomedical applications
- Includes biological properties of commercial algal species
- Provides microalgae screening and identification methods, culturing methods and new aspects of processing

Contents:
1. Microalgae Biotechnology: Present trends and Future advances
2. Introduction to microalgae: diversity and significance
3. Microalgae Classification: Major Classes and genera of commercial microalgal species
4. Microalgae isolation and basic culturing techniques
5. Mass production of Microalgae
6. Microalg Biotechnology: The Way Forward
7. Stability of Valuable Components: during Wet and Dry Storage
8. Application of Microalgae Protein to Aquafeed
9. From the Ancient Tribes to Modern Societies, Microalgae Evolution from a Simple Food to an Alternative Fuel Source
10. Biofuel production from microalgae
11. Biohydrogen production from microalgae, Uniting Energy, Life, and Green Future
12. Bioethanol production from microalgae
13. Medicinal effects of microalgae-derived fatty acids
15. Application of diatom biosilica in drug delivery
16. Microalgal nutraceuticals
17. Microalgae as a novel source of antioxidants for nutritional applications
18. Production of biopharmaceuticals in microalgae
19. Nutritional and Pharmaceutical Properties of Microalgal Spirulina
20. Applications of microalgae-derived active ingredients as cosmeceuticals
21. Supercritical fluid extraction of microalgae (Chlorella vulgaris) biomass
22. Exploiting the molecular genetics of microalgae: From Strain Development Pipelines to the Uncharted Waters of mass Production
23. Microalgal systems biology through genome-scale metabolic reconstructions for industrial applications
24. Genetic engineering of marine microalgae to optimize bioenergy production
25. Genetic optimization of microalgae for bio-hydrogen production
26. Genetic engineering of microalgae for production of value added ingredients
27. Genetic engineering of microalgae for production of therapeutic proteins
28. An Expressed Sequence Tag Database Analysis of Fatty Acid Genes in Stichococcus bacillaris Strain Siva2011
29. Microalgae-Based wastewater treatment
30. Bioremediation of Heavy Metals by Microalgae
31. Bioremediation with Microalgae: Toward Sustainable Production of Biofuels
32. Phycocyanin-coupled Biomethanation
33. N2-fixing Cyanobacteria: Ecology and Biotechnological Applications
34. An Overview of harmful algal blooms on marine organisms
35. Microalgae-derived toxic compounds
36. Toxicity bioassays on benthic microalgae
37. Ciguatoxin: Tropical Reef Fish Poisoning
38. Dunaliella Identification Using DNA Fingerprinting Intron-Sizing Method and Species Specific Oligonucleotides: New Insights on Dunaliella Molecular Identification

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3148968/
Order by Fax - using the form below
Order by Post - print the order form below and send to
Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Handbook of Marine Microalgae
Web Address: http://www.researchandmarkets.com/reports/3148968/
Office Code: SCPLS3QI

Product Format
Please select the product format and quantity you require:

<table>
<thead>
<tr>
<th>Quantity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hard Copy (Hard Back):</td>
</tr>
</tbody>
</table>

* Shipping/Handling is only charged once per order.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: ____________________________
First Name: ____________________________
Email Address: ____________________________
Job Title: ____________________________
Organisation: ____________________________
Address: ____________________________
City: ____________________________
Postal / Zip Code: ____________________________
Country: ____________________________
Phone Number: ____________________________
Fax Number: ____________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

- Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

- Pay by check: Please post the check, accompanied by this form, to:
  
  Research and Markets,  
  Guinness Center,  
  Taylors Lane,  
  Dublin 8,  
  Ireland.

- Pay by wire transfer: Please transfer funds to:
  
  Account number: 833 130 83  
  Sort code: 98-53-30  
  Swift code: ULSBIE2D  
  IBAN number: IE78ULSB98533083313083  
  Bank Address: Ulster Bank, 27-35 Main Street, Blackrock, Co. Dublin, Ireland.
