Dielectric Properties of Agricultural Materials and their Applications

Description: Dielectric Properties of Agricultural Materials and Their Applications provides an understanding of the fundamental principles governing dielectric properties of materials, describes methods for measuring such properties, and discusses many applications explored for solving industry problems. The information in this reference stimulates new research for solving problems associated with production, handling, and processing of agricultural and food products. Anyone seeking a better understanding of dielectric properties of materials and application of radio-frequency and microwave electromagnetic energy for solution of problems in agriculture and related fields will find this an essential resource.

- Presents applications of dielectric properties for sensing moisture in grain and seed and the use of such properties in radio-frequency and microwave dielectric heating of agricultural materials
- Offers information for finding correlations between dielectric properties and quality attributes such as sweetness in melons, or other desired characteristics of agricultural products
- Identifies conditions for selective dielectric heating of materials such as insects in grain or biological organisms in soils
- Provides a solid understanding of dielectric properties and the variables that influence these properties

Contents:
Chapter 1: Theory and Fundamental Principles
Chapter 2: Measurement of Dielectric Properties
Chapter 3: General Agricultural Applications
Chapter 4: Insect Control Applications
Chapter 5: Seed Treatment Applications
Chapter 6: Product Conditioning Applications
Chapter 7: Grain and Seed Moisture Sensing Applications
Chapter 8: Assessment of Soil Treatment for Pest Control
Chapter 9: Quality Sensing in Fruits and Vegetables
Chapter 10: Mining Applications
Chapter 11: Dielectric Properties of Selected Food Materials
Chapter 12: Sensing Moisture and Density of Solid Biofuels
Chapter 13: Dielectric Properties Models for Grain
Chapter 14: Development of Microwave Moisture Sensing Instrumentation
Chapter 15: Dielectric Properties Data
Chapter 16: Closely Related Physical Properties Data for Grain and Seed

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3148996/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer:
Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
