Global Healthcare BPO Market 2015-2019

Description:
About Healthcare BPO
BPO is a segment of outsourcing, which consists of subcontracting the business processes of an organization to a third-party vendor that has the expertise in the required domains. It helps clients to increase their operational efficiency, concentrate on their core competencies, reduce time-to-market, obtain access to fresh talent and experience along with the latest technologies, and build an organization with an economical cost structure in the long run. The healthcare space has been witnessing the adoption of BPO services due to proven benefits, such as cost reduction, improved patient care services, and staff efficiency.

The analysts forecast the Global Healthcare BPO Market that comprises F&A BPO, HR BPO and CRM BPO to grow at a CAGR of 5.32 percent over the period 2014-2019.
