Flat Glass with Special Coatings in Russia: Production, Market and Forecast

Description: This report is the first publication of market research flat glass with special coatings in Russia.

The purpose of the study - an analysis of the Russian market of flat glass with special coatings.

The object of study is the glass sheet with additional properties: tinted glass, Low-E glass and solar glass.

This work is a desk study. As information sources, we used data of Rosstat, Federal Customs Service data base UNdata, sectoral and regional press, annual and quarterly reports of companies, as well as the websites of manufacturers of flat glass.

The chronological framework of the study: 2010-3 mes.2014 forecast - 2014-2020

Geography Research: Russian Federation - a comprehensive detailed analysis of the market.

In the first chapter of the report describes the types of flat glass with special coatings and technology of their production.

The second chapter is devoted to the production of flat glass with special coatings in Russia. This section provides statistics of the production in 2010-2013, as well as a description of the main producers of flat glass with special coatings and presents data on volumes of production by individual enterprises.

The third chapter analyzes the Russian foreign trade operations in flat glass with special coatings for the period 2010-2013 and for 3 months in 2014 presents data on volumes of exports and imports of the product, estimates regional pattern of the supplies.

In the fourth chapter of the report devoted to the consumption of float glass with a special coating is a supply-demand balance of the product in Russia, estimated dynamics of “apparent” consumption of flat glass with special coatings, given the commodity structure of consumption.

The fifth chapter is devoted to the analysis of price conjuncture of the market spetsstekol Russia. This section discusses the price of flat glass with special coatings on the domestic market in recent years, provides an overview of export-import prices. Forecast of price conjuncture of the market by 2017

The sixth chapter of the report presents forecast of production and consumption of flat glass with special coatings to 2020, taking into account the forecast of the major consuming industries.

Appendix presents contact information on the main producers of flat glass with special coatings in Russia.

Target audience research:

- Flat glass market participants - producers, consumers, traders;
- Potential investors.

The proposed study claims to be the reference for marketing services and professionals to make management decisions, working in the market of flat glass.

**Please note that the English version of this report is only available 3 weeks from receipt of order**

Contents: Introduction

1. Types of special coatings for glass. Technology of production of coated glass and the equipment used
2. Production of flat glass with special coatings in Russia
2.1. Dynamics of production of flat glass with special coatings in Russia in 2010-2013
2.2. The main enterprise-producers of flat glass with special coatings in Russia
  2.2.1. Asahi Glass Company Co Ltd.
  2.2.2. Guardian Industries
  2.2.3. OJSC "Saratov Institute of Glass" (Saratov region).
  2.2.4. JSC "Salavatsteklo" (Republic of Bashkortostan)
  2.2.5. JSC "Caspian float glass plant" (Rep. Of Dagestan)

3. Analysis of foreign trade operations in flat glass with special coatings in Russia in 2010-2013, and at 3 months of 2014
  3.1. Russian exports of flat glass with special coatings
  3.2. Russian imports of flat glass with special coatings

4. Supply-demand balance of flat glass with special coatings in Russia in 2010-2013

5. Price analysis
  5.1. The prices of Russian producers on float glass with special coatings in Russia in 2010-2014
  5.2. Analysis of export-import prices for flat glass with special coatings in 2010-2013 and 1 quarter of 2014
  5.3. Forecast of price conjuncture of the market in 2014-2017

6. Forecast of market development of float glass with special coatings in 2014-2020
  6.1. Prospects for growth in consumption in the Russian flat glass with special coatings in the light of the development of end-uses, as well as existing and proposed laws and regulations of the Government of the Russian Federation in the field of energy saving homes
  6.2. Forecast of production and consumption of flat glass with special coatings in Russia in 2014-2020

Appendix: Addresses and contact information of the main producers of flat glass with special coatings

List of Tables:
  Table 1. Volumes of production of flat glass with special coatings in Russia in 2010-2013, mln m2
  Table 2. Volume of export supplies of flat glass with a special coating on the Russian lines in 2010-2014, ths. M2
  Table 3. Volumes and directions of supplies of float glass with special coatings leading Russian exporters in 2010-2013, ths. M2
  Table 4. Total imports of flat glass with special coatings in Russia in areas in 2010-2014, ths. M2
  Table 5. Volumes and directions of supplies of float glass with special coatings to the main Russian importers in 2010-2013, ths. M2
  Table 6. Supply-demand balance of flat glass with special coatings in Russia 20106-2013, million m2
  Table 7. Prices of flat glass with special coatings Russian producers in 2012-2014, rub. / M2, with VAT
  Table 8. Volumes of Russian supplies and average export prices for flat glass with special coatings to destinations in 2010-2013, ths. M2, $ / m2
  Table 9. Volumes of imports to Russia and the average import prices for flat glass with special coatings to destinations in 2010-2013, ths. M2, $ / m2
  Table 10. Volumes of supplies and import prices for flat glass with special coatings main suppliers in 2011-2013, ths. M2, $ / m2

List of Figures:
  Figure 1. Production of flat glass and glass with special coatings in Russia in 2010-2013, mln m2
  Figure 2. Production of tinted glass and glass with a soft covering in Russia in 2010-2013, mln m2
  Figure 3. Production of flat glass and glass with special coatings, LLC "AGC Flat Glass Klin" in 2010-2013, mln m2
  Figure 4. Production of flat glass of "AGC Bor Glassworks" in 2010-2013, mln m2
  Figure 5. Production of glass OJSC "Saratov Institute of Glass" in 2010-2013, mln m2
  Figure 6. Dynamics of Russian foreign trade in sheet glass with special coatings in 2010-2013, mln m2
Figure 7. Dynamics of Russian exports of flat glass with special coatings in bulk and in money terms in 2010-2013, ths. M2, million $

Figure 8. Proportion of glass with special coatings in total exports of flat glass from Russia in 2010-2013, %

Figure 9. Changes in the regional structure of Russian exports of flat glass with special coatings in 2010-2013, ths. M2

Figure 10. Commodity structure of Russian exports of flat glass with special coatings in 2010-2013, %

Figure 11. Dynamics of Russian import of flat glass with special coatings in bulk and in money terms in 2010-2013, ths. M2, million $

Figure 12. Proportion of glass with special coatings in total imports of flat glass in Russia in 2010-2013, %

Figure 13. Change of regional structure of Russian import of flat glass with special coatings in 2010-2013, ths. M2

Figure 14. Structure of Russian import of flat glass with special coatings in 2013 by manufacturers, %

Figure 15. Changes in the commodity structure of Russian import of flat glass with special coatings in 2010-2013, %

Figure 16. Dynamics of production, export, import and consumption of flat glass with special coatings in Russia in 2010-2013, mln m2

Figure 17. Change in the glass with special coatings in total consumption of flat glass in Russia in 2010-2013, mln m2

Figure 18. Commodity pattern of consumption of glass with special coatings in Russia in 2013, %

Figure 19. Dynamics of average prices of Russian producers on float glass with special coatings in 2012-2014, rub. / M2, with VAT

Figure 19. Dynamics of export-import prices for flat glass with special coatings in Russia in 2010-2014, $ / m2

Figure 21. Dynamics of export prices for various types of plate glass with special coatings in Russia in 2010-2013, $ / m2

Figure 22. Dynamics of import prices for different types of flat glass with special coatings in Russia in 2010-2013, $ / m2

Figure 23. Forecast of prices for different types of flat glass with special coatings in Russia in 2014-2017, rub. / M2, with VAT

Figure 24. Dynamics of housing in Russia in 2002-2013 and January-February 2,014,000,000 m2% to prev. year

Figure 25. Dynamics of the total floor area of non-residential buildings in Russia in 2002-2013, mln m2

Figure 26. Dynamics of production of motor vehicles in Russia in 2002-2013 million units.

Figure 27. Forecast of the volume of housing construction in Russia in 2014-2020, mln m2

Figure 28. Forecast of production of flat glass with special coatings in Russia in 2014-2020, mln m2

Figure 29. Forecast of consumption of flat glass with special coatings in Russia in 2014-2020, mln m2

Figure 30. Forecast of production-consumption of flat glass with special coatings in Russia in 2014-2020, mln m2
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

- **Product Name:** Flat Glass with Special Coatings in Russia: Production, Market and Forecast
- **Web Address:** [http://www.researchandmarkets.com/reports/3158937/](http://www.researchandmarkets.com/reports/3158937/)
- **Office Code:** SCD29E22

Product Format
Please select the product format and quantity you require:

**Quantity**
- Electronic (PDF) - Single User: USD 2287
