Handbags Market in the UK 2015-2019

Description: About Handbags Market in the UK

The Handbags market in the UK is expected to witness high year-on-year growth. The market is driven by recovering economy, increase in disposable income as well as per capita consumption of consumers on handbags, growing occasions of using a variety of handbags, and the high demand for esthetically appealing handbags by consumers. The number of bags owned per person is also acting as another major growth factor to this market. Hence, the market is expected to grow with the introduction of new products during the forecast period.

The analysts forecast the Handbags market in the UK, in terms of revenue and volume, to grow at CAGRs of 8.45 percent and 7.01 percent, respectively, over the period 2014-2019.
