Europe: Non-Electronic Metal Testing Equipment Market

Description:

This report presents a strategic analysis of the non-electronic metal testing equipment market in Europe and a forecast for its development in the medium term. It provides a comprehensive overview of the market, its dynamics, structure, characteristics, main players, trends, growth and demand drivers, etc.

The purpose of the report is to describe the state of the non-electronic metal testing equipment market in Europe, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the next five years. In addition, the report presents an elaborate analysis of the main market participants, price fluctuations, trends, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using the publisher's unique methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the non-electronic metal testing equipment market in Europe covers the following countries: Austria, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Montenegro, Norway, The Netherlands, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, and the United Kingdom.

The report on the non-electronic metal testing equipment market in Europe includes:

- Analysis and forecast for the economy of Europe;
- Analysis and forecast of the market size, value and dynamics;
- Market structure (by origin, by country (includes breakdown of all indicators by all 33 analyzed countries), by types of products, etc.);
- Volume, dynamics and analysis of domestic production (past, current and future);
- Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future);
- Volume, dynamics and analysis of imports (past, current and future);
- Volume, dynamics and analysis of exports (past, current and future);
- Volume, dynamics and analysis of consumption (past, current and future);
- Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Government structures, etc.) and the competitive landscape;
- Value chain analysis;
- Analysis and forecast of the trends and levels of supply and demand on the market;
- Analysis of the factors, influencing the development of the market (market growth drivers, restraints, etc.);
- Country opportunity analysis;
- Analysis of the major trade flows;
- Forecast for development of the market in the medium term (including three possible scenarios for development).

This report will allow you to:

- Quickly and cost–effectively get a strategic analysis and gain competitive intelligence about the market;
- Track market data, including size, value, dynamics, structure, segmentation and forecasts: past, present and future;
- Track and identify key market trends, opportunities and threats and key drivers behind recent market changes;
- Strategically assess market growth potential, demand drivers and restraints on the market;
- Explore and identify new market opportunities in the countries and regions within the market;
- Evaluate the key macroeconomic indicators to get insight into the general trends within the economy;
- See how the market performed in the past (over the last 5 years) and how it will perform in the future (in the next 5 years);
- Get acquainted with the leading companies on the market;
- Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment.
and understand competitive threats;
- Empower your marketing, branding, strategy and market development, consumption and supply functions with useful market insights;
- Build your investment strategy by assessing market attractiveness or company attractiveness;
- Build your own market entry or market expansion strategy or evaluate your current strategy;
- Add weight to pitches and presentations by using official and accurate data and calculations.

If you are interested in the non-electronic metal testing equipment market in Europe, this research report will provide you with a strategic analysis of the market, its recent and future development. In addition, the report will save you time and money while presenting you all the necessary information, empowering you to make informed decisions and move your business forward.

This report is 75% ready and is in completion stage. The final version of the research report will be presented up to 5 working days after your order. If you purchase the Enterprise License, you will get an Excel sheet with all the quantitative information in up to 2 working days after your purchase.

Contents:

1. Introduction
   1.1. Report description
   1.2. Research methodology
2. Executive summary
3. Characteristics of non-electronic metal testing equipment
4. Characteristics and analysis of raw materials base
5. State of the economy of Europe
   5.2. Forecast for the development of the economy of Europe for 2016-2019
6. Overview and analysis of the non-electronic metal testing equipment market in Europe
   6.2. Structure of the non-electronic metal testing equipment market in Europe in 2011-2015: production, imports, exports, consumption
   6.3. Structure of the non-electronic metal testing equipment market in Europe by origin
   6.4. Structure of the non-electronic metal testing equipment market in Europe by country
   6.5. Key recent trends on the non-electronic metal testing equipment market in Europe
   6.6. Competitive landscape of the market
   6.7. Country opportunity analysis
   6.8. Key drivers and restraints for the market development in the medium term
   6.9. Forecast for development of the non-electronic metal testing equipment market in Europe for 2016-2021
7. Overview and analysis of the domestic production of non-electronic metal testing equipment in Europe
   7.1. Volume, value and dynamics of the domestic production of non-electronic metal testing equipment in Europe in 2011-2015
   7.2. Structure of the European production of non-electronic metal testing equipment by countries
   7.3. Characteristics of the main companies, producers of non-electronic metal testing equipment in Europe
8. Characteristics and analysis of the prices of non-electronic metal testing equipment in Europe
   8.1. Value chain analysis
   8.2. Structure of price formation
   8.3. Characteristics of the producer prices of non-electronic metal testing equipment in Europe in 2011-2015
   8.4. Characteristics of other prices of non-electronic metal testing equipment
9. Foreign trade operations of non-electronic metal testing equipment in Europe
   9.1. Foreign trade operations of non-electronic metal testing equipment in Europe in 2011-2015
   10. Overview and analysis of the imports of non-electronic metal testing equipment to the European market
   10.1. Volume, value and dynamics of the imports of non-electronic metal testing equipment to Europe in 2011-2015
   10.2. Major trade inflows of non-electronic metal testing equipment imports to Europe
   10.3. Structure of the imports of non-electronic metal testing equipment by types of products
   10.4. Prices of imported non-electronic metal testing equipment in Europe
11. Overview and analysis of the European exports of non-electronic metal testing equipment
   11.2. Major trade outflows of non-electronic metal testing equipment exports from Europe
   11.3. Structure of the European exports of non-electronic metal testing equipment by types of products
   11.4. Prices of European exports of non-electronic metal testing equipment
12. Characteristics of the consumption of non-electronic metal testing equipment in Europe

12.1. Volume, value and dynamics of the consumption of non-electronic metal testing equipment in Europe in 2011-2015

12.2. Structure of the consumption of non-electronic metal testing equipment in Europe in 2011-2015 (by origin, by channel)

12.3. Structure of the consumption of non-electronic metal testing equipment in Europe by country

12.4. Volume, value and dynamics of the per capita consumption of non-electronic metal testing equipment in Europe in 2011-2015

12.5. Balance between supply and demand on the non-electronic metal testing equipment market in Europe in 2011-2015 and forecast for 2016-2021

13. Forecast for development of the non-electronic metal testing equipment market in Europe for 2016-2021

13.1. Factors, influencing the development of the non-electronic metal testing equipment market in Europe in the medium term

13.2. Forecast for market development in the medium term under three possible scenarios

About the Publisher
