Global Gambling Report Platinum Subscription

Description: This subscription gives 12 months' access to all of our specialist gambling reports. The subscription includes the comprehensive Global Gambling Report (now in its 10th edition) and the Interactive Gambling Report, which between them cover all sectors and jurisdictions of the US$ 450 billion global gambling industry: betting, casinos, gaming machines, lotteries and bingo.

The reports are continually updated with new gambling data and information and cover more than 250 individual gambling jurisdictions in every region of the world:

- Africa: 47 jurisdictions
- Asia and Middle East: 44 jurisdictions
- Caribbean: 24 jurisdictions
- Europe: 50 jurisdictions
- Latin America: 20 jurisdictions
- North America: 67 jurisdictions
- Oceania: 17 jurisdictions

The reports include several detailed datasheets with a decade's worth of historic gambling revenues (gross gaming yield) by gambling activity and forecasts until 2019.

Alongside the discussion of gambling tax and regulatory issues, hundreds of tables and graphs help show the trends taking place in each market by gambling sector: betting, casinos, gaming machines, lotteries and bingo.

Our specialist gambling reports provide valuable market intelligence for gambling operators, investors, and regulators:

- Strategic Positioning: data and information to help make decisions on investing in reliable, stable markets determined by good regulation and reasonable taxation.
- Competition: are the jurisdictions where you trade saturated? Do other markets offer better opportunities for future success?
- Future potential: what are the countries where the gambling spends per capita is lower than the average? Do those countries offer opportunities for long term growth?
- Tax and regulation: which countries are looking to regulate for the first time? What are the trends in tax mechanisms and regulatory developments?
