The Portuguese Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile

Description:
Summary
This report provides analysis on competitive benchmarking along with top companies active across the Portugal defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Key Findings
"The Portuguese Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile" is an essential source of information covering the top companies of the defense industry in Portugal.

The Portuguese defense industry is not sufficiently developed to meet its army's requirements for technologically advanced equipment. The domestic defense industry has developed the capability to supply maintenance, repair and overhaul (MRO) services by receiving offsets from foreign OEMs, and has also developed specializations in communication systems and integration services.

Reasons To Buy
"The Portuguese Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile" allows you to:

- Gain insight into the competitive landscape of the Portugal defense industry.
- Identify top companies in the Portugal defense industry along with profiles of those companies.
- Analyse the activity of key defense companies (both domestic and foreign), together with insights such as key alliances, strategic initiatives, and a brief financial analysis.
