Indian uPVC Doors and Windows Market 2015-2020

Description: The Indian uPVC doors and windows market is expected to grow at a CAGR of 7.0% during 2015-2020. The major drivers of the Indian uPVC doors and windows market are increasing new housing construction and replacement activities, which have contributed to the growth of this market. Another important factor that drives this market is their tangible and intangible benefiting features, such as the uPVC doors and windows are thermal, and water- and wind-resistant. They are corrosion-free. These doors and windows are termite-free, highly sound insulated, dustproof, highly durable, and need no maintenance. They are energy efficient and could save energy up to 25% to 30%.

This report provides an analysis of uPVC doors and windows market, including analysis of market trends, competitive landscapes, company profiles, emerging trends, and key drivers of industry growth. The study also includes Indian uPVC doors and windows market forecasts through 2020, segmented by regions, products, and applications as follows:

The Indian uPVC doors and windows market by regions:
- Northern Region
- Eastern Region
- Western Region
- Southern Region

The Indian uPVC doors and windows market segmented by products:
- uPVC Doors
- uPVC Windows

The Indian uPVC doors and windows market by applications:
- Residential
- Commercial

On the basis of its comprehensive research, the author forecasts that the Indian uPVC doors and windows market is expected to depict a high growth during 2015-2020. uPVC windows market will remain the largest segment in terms of both value during the forecast period. Increasing building construction activities is the major driving force of the industry. Fenesta, LG Hausys, Welltech Systems are some of the players in the Indian uPVC doors and windows market.

This unique report will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

Some of the features of “Indian uPVC Doors and Windows Market 2015-2020: Trends, Forecast, and Opportunity Analysis” include:

- Market size estimates: Indian uPVC doors and windows market size estimation in terms of volume (M lbs.) and value ($M) shipment.
- Trend and forecast analysis: Indian uPVC doors and windows market trend (2009-2014) and forecast (2015-2020) by regions, products and applications.
- Segmentation analysis: Indian uPVC doors and windows market size by application segments such as residential and commercial and by product segments such as uPVC doors and uPVC windows, both in terms of value shipment.
- Regional analysis: Indian uPVC doors and windows market breakdown by key regions such as Northern Region, Eastern Region, Western Region, and Southern Region.
- Growth opportunities: Analysis on growth opportunities in different applications, products, and regions.
- Strategic analysis: This includes M&A, new product development, competitive landscape, and expansion strategies of Indian uPVC doors and windows market suppliers.
- Emerging applications: Emerging applications of Indian uPVC doors and windows in various markets.
- Analysis of competitive intensity of the industry based on Porter’s Five Forces model.

Who Can Benefit From This Report?
This study is intended for senior level executives, sales, marketing and business development professionals at various nodes of value chain of this market. This multi-client market study is used by small to multi-national Fortune 500 companies and utilized for a variety of reasons as follows.

- Business development
- Strategic planning
- Business presentation
- Determination of market size and trend
- Competitive analysis
- Resource and inventory management
- Budgeting
- Investment decisions

Contents:

1. Executive Summary

2. uPVC Doors and Windows Market Background and Classifications
   2.1: Introduction
   2.1.1: Industry classification
   2.1.2: Markets served
   2.1.3: Supply chain

3. Market Trend and Forecast Analysis
   3.1: Market analysis 2014
   3.1.1: Indian uPVC doors and windows market by value
   3.1.2: Regional uPVC doors and windows market by value
   3.2: Market trend 2009-2014
   3.2.1: Macroeconomic trend
   3.2.2: Indian uPVC doors and windows market by value
   3.2.3: Northern regional uPVC doors and windows market trend by value
   3.2.4: Eastern regional uPVC doors and windows market trend by value
   3.2.5: Western regional uPVC doors and windows market trend by Value
   3.2.6: Southern regional uPVC doors and windows market trend by value
   3.2.7: Market drivers and challenges
   3.3: Market forecast 2015–2020
   3.3.1: Macroeconomic forecast
   3.3.2: Market forecast by value
   3.3.3: Northern regional uPVC doors and windows market forecast by value
   3.3.4: Eastern regional uPVC doors and windows market forecast by value
   3.3.5: Western regional uPVC doors and windows market forecast by value
   3.3.6: Southern regional uPVC doors and windows market forecast by value

4. Competitor Analysis
   4.1: Product portfolio analysis
   4.2: Market share analysis
   4.3: Porter’s Five Forces Analysis

5. Growth Opportunity & Strategic Analysis
   5.1: Growth opportunities analysis
   5.2: Emerging trends in Indian uPVC doors and windows market
   5.3: Strategic analysis
   5.3.1: New product development
   5.4: Innovations in Indian uPVC doors and windows market

6. Company Profiles of Leading Players
