Description:

This report presents a comprehensive overview of the meteorological, hydrological and geophysical equipment market in Portugal and a forecast for its development in the next five years. It provides a detailed analysis of the market, its dynamics, structure, characteristics, main players, growth and demand drivers, etc.

The purpose of the report is to describe the state of the meteorological, hydrological and geophysical equipment market in Portugal, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the medium term. In addition, the report presents an elaborate analysis of the main market participants, the price fluctuations, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using the publisher's unique methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the meteorological, hydrological and geophysical equipment market in Portugal includes:

- Analysis and forecast for the economy of Portugal;
- Analysis and forecast for development of the market volume (market size), value and dynamics;
- Market structure (by origin, by types of products, etc.);
- Volume, dynamics and analysis of domestic production (past, current and future);
- Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future);
- Volume, dynamics and analysis of imports (past, current and future);
- Volume, dynamics and analysis of exports (past, current and future);
- Volume, dynamics and analysis of consumption (past, current and future);
- Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Governmental structures, etc.) and the competitive landscape;
- Value chain analysis;
- Analysis of the factors, influencing the development of the market (market growth drivers, restraints, recent state programs, etc.);
- Analysis and forecast of the trends and levels of supply and demand on the market;
- Forecast for development of the market in the medium term (including three possible scenarios for development).

This report will allow you to:

- Quickly and cost-effectively gain competitive intelligence about the market;
- Track market data, including size, value, segmentation, forecasts, dynamics and structure - past, present and future;
- Track and identify key market trends, opportunities and threats and key drivers behind recent market changes;
- Strategically assess market growth potential, demand drivers and restraints on the market;
- Evaluate the key macroeconomic indicators to get insight into the general trends within the economy;
- See how the market performed in the past (over the last 5 years) and how it will perform in the future (in the next 5 years);
- Get acquainted with the leading companies on the market (manufacturers, distributors, wholesalers, retailers, importers, exporters, Government structures, etc.);
- Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment and understand competitive threats;
- Empower your marketing, branding, strategy and market development, consumption and supply functions with useful market insights;
- Build your investment strategy by assessing market attractiveness or company attractiveness;
- Build your own market entry or market expansion strategy or evaluate your current strategy;
- Add weight to pitches and presentations by using official and accurate data and calculations.
If you are interested in the meteorological, hydrological and geophysical equipment market in Portugal, this research report will provide you with invaluable analysis of the market, its recent and future development. In addition, the report will save you time and money while presenting you all the necessary information, empowering you to make informed decisions and move your business forward.

By purchasing this report, you get 15% free customization - its structure and contents can be amended based on your specific requirements and goals. The report will be updated as of the current month of purchase.

This report is 75% ready and is in completion stage. The final version of the research report will be presented up to 5 working days after your order. If you purchase the Enterprise License, you will get an Excel sheet with all the quantitative information in up to 2 working days after your purchase.

Contents:

1. Introduction
   1.1. Report description
   1.2. Research methodology
2. Executive summary
3. Characteristics of meteorological, hydrological and geophysical equipment
4. Characteristics of raw materials
5. State of the economy of Portugal
   5.1. Characteristics of the economy of Portugal in the last 5 years
   5.2. Forecast for the development of the economy of Portugal for the next 3 years
6. Overview and analysis of the meteorological, hydrological and geophysical equipment market in Portugal
   6.1. Volume, value and dynamics of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
   6.2. Structure of the meteorological, hydrological and geophysical equipment market in Portugal by types of meteorological, hydrological and geophysical equipment
   6.3. Structure of the meteorological, hydrological and geophysical equipment market in Portugal by origin
   6.4. Structure of the meteorological, hydrological and geophysical equipment market in Portugal by region
   6.5. Key recent trends on the meteorological, hydrological and geophysical equipment market in Portugal
   6.6. Competitive landscape of the market
   6.7. Key drivers and restraints for the market development in the medium term
   6.8. Forecast for development of the meteorological, hydrological and geophysical equipment market in Portugal for the next 5 years
7. Overview and analysis of the domestic production of meteorological, hydrological and geophysical equipment in Portugal
   7.1. Business tendencies in the industrial production in Portugal in the last 5 years
   7.2. Volume, value and dynamics of the domestic production of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
   7.3. Structure of the domestic production of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment
   7.4. Share of Portugal in the European production of meteorological, hydrological and geophysical equipment
   7.5. Characteristics of the main producers of meteorological, hydrological and geophysical equipment in Portugal
8. Characteristics and analysis of the prices of meteorological, hydrological and geophysical equipment in Portugal
   8.1. Value chain analysis
   8.2. Structure of price formation
   8.3. Characteristics of the producer prices of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
   8.4. Characteristics of other prices of meteorological, hydrological and geophysical equipment
9. Foreign trade operations of meteorological, hydrological and geophysical equipment in Portugal
   9.1. General foreign trade operations of Portugal
   9.2. Foreign trade operations of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
10. Overview and analysis of the imports of meteorological, hydrological and geophysical equipment to the Portuguese market
   10.1. Volume, value and dynamics of the imports of meteorological, hydrological and geophysical equipment to Portugal in the last 5 years
   10.2. Main countries, importing meteorological, hydrological and geophysical equipment to Portugal
10.3. Structure of the imports of meteorological, hydrological and geophysical equipment by types of products
10.4. Share of Portugal in the European imports of meteorological, hydrological and geophysical equipment
10.5. Domestic companies, main importers of meteorological, hydrological and geophysical equipment to the Portuguese market
11. Overview and analysis of the Portuguese exports of meteorological, hydrological and geophysical equipment
11.1. Volume, value and dynamics of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years
11.2. Recipient countries of the Portuguese exports of meteorological, hydrological and geophysical equipment
11.3. Structure of the Portuguese exports of meteorological, hydrological and geophysical equipment by types of products
11.4. Share of Portugal in the European exports of meteorological, hydrological and geophysical equipment
11.5. Domestic companies, main exporters of meteorological, hydrological and geophysical equipment from the territory of Portugal
12. Characteristics of the consumption of meteorological, hydrological and geophysical equipment in Portugal
12.1. Volume, value and dynamics of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
12.2. Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years (by origin, by channel, etc.)
12.3. Volume, value and dynamics of the per capita consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
12.4. Balance between supply and demand on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years and forecast for the next 5 years
13. Forecast for development of the meteorological, hydrological and geophysical equipment market in Portugal for the next 5 years
13.1. Factors, influencing the development of the meteorological, hydrological and geophysical equipment market in Portugal in the medium term
13.2. Forecast for market development in the medium term under three possible scenarios

List of Tables:
Key indicators on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
Key indicators of the economy of Portugal in the last 5 years
Forecast for the economy of Portugal for the next 3 years
Volume and dynamics of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
Value and dynamics of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
Structure of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years, in physical terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years, in value terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by types of meteorological, hydrological and geophysical equipment, in value terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by origin in the last 5 years, in physical terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by origin in the last 5 years, in value terms
Key business tendencies in the industrial production in Portugal in the last 5 years
Volume and dynamics of the domestic production of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the domestic production of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Structure of the domestic production of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the domestic production of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment, in value terms
Value chain analysis of the meteorological, hydrological and geophysical equipment market in Portugal
Cost breakdown of the price formation of meteorological, hydrological and geophysical equipment in Portugal, in %
Volume and dynamics of the average producer prices of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Volume and dynamics of other prices of meteorological, hydrological and geophysical equipment in Portugal (wholesale, distributor, retail, etc.) in the last 5 years
Foreign trade turnover by main commodities, in physical and value terms
Foreign trade operations by main partner countries, in value terms
Trade balance of meteorological, hydrological and geophysical equipment foreign trade in Portugal in the last 5 years, in physical terms
Trade balance of meteorological, hydrological and geophysical equipment foreign trade in Portugal in the last 5 years, in value terms
Volume and dynamics of the imports of meteorological, hydrological and geophysical equipment to Portugal in the last 5 years
Value and dynamics of the imports of meteorological, hydrological and geophysical equipment to Portugal in the last 5 years
Main countries, importing meteorological, hydrological and geophysical equipment to Portugal in the last 5 years, in physical terms
Main countries, importing meteorological, hydrological and geophysical equipment to Portugal in the last 5 years, in value terms
Structure of the imports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in physical terms
Structure of the imports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in value terms
Volume and dynamics of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years
Value and dynamics of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years
Recipient countries of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years, in physical terms
Recipient countries of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years, in value terms
Structure of the Portuguese exports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in physical terms
Structure of the Portuguese exports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in value terms
Volume and dynamics of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years, in physical terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years, in value terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal by types of meteorological, hydrological and geophysical equipment, in value terms
Volume and dynamics of the per capita consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the per capita consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Balance between supply and demand on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years and forecast for the next 5 years, in physical terms
Balance between supply and demand on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years and forecast for the next 5 years, in value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the base scenario), in physical and value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the pessimistic scenario), in physical and value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the optimistic scenario), in physical and value terms
List of Figures:
Volume and dynamics of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
Value and dynamics of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years
Structure of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years, in physical terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years, in value terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by types of meteorological, hydrological and geophysical equipment, in value terms
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by origin in physical terms in the last 5 years
Structure of the meteorological, hydrological and geophysical equipment market in Portugal by origin in value terms in the last 5 years
Volume and dynamics of the domestic production of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the domestic production of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Structure of the domestic production of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the domestic production of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment, in value terms
Value chain analysis of the meteorological, hydrological and geophysical equipment market in Portugal
Structure of the meteorological, hydrological and geophysical equipment price formation in Portugal, in %
Deviation of the average producer prices of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Structure of the foreign trade turnover by main commodities, in physical and value terms
Structure of the foreign trade operations by main partner countries, in value terms
Trade balance of meteorological, hydrological and geophysical equipment foreign trade in Portugal in the last 5 years, in physical terms
Trade balance of meteorological, hydrological and geophysical equipment foreign trade in Portugal in the last 5 years, in value terms
Volume and dynamics of the imports of meteorological, hydrological and geophysical equipment to Portugal in the last 5 years
Value and dynamics of the imports of meteorological, hydrological and geophysical equipment to Portugal in the last 5 years
Main countries, importing meteorological, hydrological and geophysical equipment to Portugal in the last 5 years, in physical terms
Main countries, importing meteorological, hydrological and geophysical equipment to Portugal in the last 5 years, in value terms
Volume and dynamics of the imports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years
Value and dynamics of the imports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years
Volume and dynamics of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years
Value and dynamics of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years
Recipient countries of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years, in physical terms
Recipient countries of the Portuguese exports of meteorological, hydrological and geophysical equipment in the last 5 years, in value terms
Structure of the Portuguese exports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in physical terms
Structure of the Portuguese exports of meteorological, hydrological and geophysical equipment by types of meteorological, hydrological and geophysical equipment in the last 5 years, in value terms
Volume and dynamics of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Portugal in the last 5 years
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years, in physical terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years, in value terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal by types of meteorological, hydrological and geophysical equipment, in physical terms
Structure of the consumption of meteorological, hydrological and geophysical equipment in Portugal by types of meteorological, hydrological and geophysical equipment, in value terms
Volume and dynamics of the per capita consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Value and dynamics of the per capita consumption of meteorological, hydrological and geophysical equipment in Portugal in the last 5 years
Balance between supply and demand on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years and forecast for the next 5 years, in physical terms
Balance between supply and demand on the meteorological, hydrological and geophysical equipment market in Portugal in the last 5 years and forecast for the next 5 years, in value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the base scenario), in physical and value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the pessimistic scenario), in physical and value terms
Forecast for the total supply of meteorological, hydrological and geophysical equipment in Portugal for the next 5 years (under the framework of the optimistic scenario), in physical and value terms
