Poland: Market of Measuring Equipment Parts

Description: This report presents a comprehensive overview of the measuring equipment parts market in Poland and a forecast for its development in the next five years. It provides a detailed analysis of the market, its dynamics, structure, characteristics, main players, growth and demand drivers, etc.

The purpose of the report is to describe the state of the measuring equipment parts market in Poland, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the medium term. In addition, the report presents an elaborate analysis of the main market participants, the price fluctuations, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using the publisher's unique methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the measuring equipment parts market in Poland includes:

- Analysis and forecast for the economy of Poland;
- Analysis and forecast for development of the market volume (market size), value and dynamics;
- Market structure (by origin, by types of products, etc.);
- Volume, dynamics and analysis of domestic production (past, current and future);
- Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future);
- Volume, dynamics and analysis of imports (past, current and future);
- Volume, dynamics and analysis of exports (past, current and future);
- Volume, dynamics and analysis of consumption (past, current and future);
- Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Governmental structures, etc.) and the competitive landscape;
- Value chain analysis;
- Analysis of the factors, influencing the development of the market (market growth drivers, restraints, recent state programs, etc.);
- Analysis and forecast of the trends and levels of supply and demand on the market;
- Forecast for development of the market in the medium term (including three possible scenarios for development).

This report will allow you to:

- Quickly and cost-effectively gain competitive intelligence about the market;
- Track market data, including size, value, segmentation, forecasts, dynamics and structure - past, present and future;
- Track and identify key market trends, opportunities and threats and key drivers behind recent market changes;
- Strategically assess market growth potential, demand drivers and restraints on the market;
- Evaluate the key macroeconomic indicators to get insight into the general trends within the economy;
- See how the market performed in the past (over the last 5 years) and how it will perform in the future (in the next 5 years);
- Get acquainted with the leading companies on the market (manufacturers, distributors, wholesalers, retailers, importers, exporters, Governmental structures, etc.);
- Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment and understand competitive threats;
- Empower your marketing, branding, strategy and market development, consumption and supply functions with useful market insights;
- Build your investment strategy by assessing market attractiveness or company attractiveness;
- Build your own market entry or market expansion strategy or evaluate your current strategy;
- Add weight to pitches and presentations by using official and accurate data and calculations.

If you are interested in the measuring equipment parts market in Poland, this research report will provide you with invaluable analysis of the market, its recent and future development. In addition, the report will...
save you time and money while presenting you all the necessary information, empowering you to make informed decisions and move your business forward.

By purchasing this report, you get 15% free customization - its structure and contents can be amended based on your specific requirements and goals. The report will be updated as of the current month of purchase.

If you purchase the Enterprise License, you will get an Excel sheet with all the quantitative information in up to 2 working days after your purchase.

Contents:

1. Introduction
   1.1. Report description
   1.2. Research methodology
2. Executive summary
3. Characteristics of measuring equipment parts
4. Characteristics of raw materials
5. State of the economy of Poland
   5.1. Characteristics of the economy of Poland in the last 5 years
   5.2. Forecast for the development of the economy of Poland for the next 3 years
6. Overview and analysis of the measuring equipment parts market in Poland
   6.1. Volume, value and dynamics of the measuring equipment parts market in Poland in the last 5 years
   6.2. Structure of the measuring equipment parts market in Poland in the last 5 years: production, imports, exports, consumption
   6.3. Structure of the measuring equipment parts market in Poland by origin
   6.4. Key recent trends on the measuring equipment parts market in Poland
   6.5. Competitive landscape of the market
   6.6. Key drivers and restraints for the market development in the medium term
   6.7. Forecast for development of the measuring equipment parts market in Poland for the next 5 years
7. Overview and analysis of the domestic production of measuring equipment parts in Poland
   7.1. Business tendencies in the industrial production in Poland in the last 5 years
   7.2. Volume, value and dynamics of the domestic production of measuring equipment parts in Poland in the last 5 years
   7.3. Share of Poland in the European production of measuring equipment parts
7.4. Characteristics of the main producers of measuring equipment parts in Poland
8. Characteristics and analysis of the prices of measuring equipment parts in Poland
   8.1. Value chain analysis
   8.2. Structure of price formation
   8.3. Characteristics of the producer prices of measuring equipment parts in Poland in the last 5 years
   8.4. Characteristics of other prices of measuring equipment parts
9. Foreign trade operations of measuring equipment parts in Poland
   9.1. General foreign trade operations of Poland
   9.2. Foreign trade operations of measuring equipment parts in Poland in the last 5 years
10. Overview and analysis of the imports of measuring equipment parts to the Polish market
   10.1. Volume, value and dynamics of the imports of measuring equipment parts to Poland in the last 5 years
   10.2. Main countries, importing measuring equipment parts to Poland
   10.3. Structure of the imports of measuring equipment parts by types of products
   10.4. Share of Poland in the European imports of measuring equipment parts
10.5. Domestic companies, main importers of measuring equipment parts to the Polish market
11. Overview and analysis of the Polish exports of measuring equipment parts
   11.1. Volume, value and dynamics of the Polish exports of measuring equipment parts in the last 5 years
   11.2. Recipient countries of the Polish exports of measuring equipment parts
   11.3. Structure of the Polish exports of measuring equipment parts by types of products
   11.4. Share of Poland in the European exports of measuring equipment parts
11.5. Domestic companies, main exporters of measuring equipment parts from the territory of Poland
12. Characteristics of the consumption of measuring equipment parts in Poland
   12.1. Volume, value and dynamics of the consumption of measuring equipment parts in Poland in the last 5 years
   12.2. Structure of the consumption of measuring equipment parts in Poland in the last 5 years (by origin, by channel, etc.)
   12.3. Volume, value and dynamics of the per capita consumption of measuring equipment parts in Poland in the last 5 years
12.4. Balance between supply and demand on the measuring equipment parts market in Poland in the last 5 years and forecast for the next 5 years

13. Forecast for development of the measuring equipment parts market in Poland for the next 5 years

13.1. Factors, influencing the development of the measuring equipment parts market in Poland in the medium term

13.2. Forecast for market development in the medium term under three possible scenarios

- Volume and dynamics of the domestic production of measuring equipment parts in Poland in the last 5 years
- Value and dynamics of the domestic production of measuring equipment parts in Poland in the last 5 years
- Value chain analysis of the measuring equipment parts market in Poland
- Cost breakdown of the price formation of measuring equipment parts in Poland, in %
- Volume and dynamics of the average producer prices of measuring equipment parts in Poland in the last 5 years
- Volume and dynamics of other prices of measuring equipment parts in Poland (wholesale, distributor, retail, etc.) in the last 5 years
- Foreign trade turnover by main commodities, in physical and value terms
- Foreign trade operations by main partner countries, in value terms
- Trade balance of measuring equipment parts foreign trade in Poland in the last 5 years, in physical terms
- Trade balance of measuring equipment parts foreign trade in Poland in the last 5 years, in value terms
- Volume and dynamics of the imports of measuring equipment parts to Poland in the last 5 years
- Value and dynamics of the imports of measuring equipment parts to Poland in the last 5 years
- Main countries, importing measuring equipment parts to Poland in the last 5 years, in physical terms
- Main countries, importing measuring equipment parts to Poland in the last 5 years, in value terms
- Structure of the imports of measuring equipment parts by types of measuring equipment parts in the last 5 years
- Structure of the imports of measuring equipment parts by types of measuring equipment parts in the last 5 years, in physical terms
- Structure of the imports of measuring equipment parts by types of measuring equipment parts in the last 5 years, in value terms
- Volume and dynamics of the Polish exports of measuring equipment parts in the last 5 years
- Value and dynamics of the Polish exports of measuring equipment parts in the last 5 years
- Recipient countries of the Polish exports of measuring equipment parts in the last 5 years, in physical terms
- Recipient countries of the Polish exports of measuring equipment parts in the last 5 years, in value terms

- Structure of the Polish exports of measuring equipment parts by types of measuring equipment parts in the last 5 years, in value terms
- Volume and dynamics of the consumption of measuring equipment parts in Poland in the last 5 years
- Value and dynamics of the consumption of measuring equipment parts in Poland in the last 5 years
- Structure of the consumption of measuring equipment parts in Poland in the last 5 years, in physical terms
- Structure of the consumption of measuring equipment parts in Poland in the last 5 years, in value terms
- Volume and dynamics of the per capita consumption of measuring equipment parts in Poland in the last 5 years
- Value and dynamics of the per capita consumption of measuring equipment parts in Poland in the last 5 years
- Balance between supply and demand on the measuring equipment parts market in Poland in the last 5 years and forecast for the next 5 years, in physical terms
- Balance between supply and demand on the measuring equipment parts market in Poland in the last 5 years and forecast for the next 5 years, in value terms
- Forecast for the total supply of measuring equipment parts in Poland for the next 5 years (under the framework of the base scenario), in physical and value terms
- Forecast for the total supply of measuring equipment parts in Poland for the next 5 years (under the
framework of the pessimistic scenario), in physical and value terms
Forecast for the total supply of measuring equipment parts in Poland for the next 5 years (under the
framework of the optimistic scenario), in physical and value terms
