Global S2P Outsourcing Market 2015-2019

Description:

About global S2P outsourcing

S2P is an effective strategy that delegates one or more business activities to external companies (suppliers) that then administer and manage the selected activity based on defined and measurable performance criteria. It helps clients operate efficiently, reduces time to market, and helps focus on core competencies. S2P leads to the successful creation of an economical cost structure in the long term. The global S2P outsourcing market continued to grow during the 2008-2009 global financial crisis. The Americas accounted for the majority of the market growth. EMEA and APAC followed the Americas. The demand for procurement outsourcing services in the global market originates from large corporations, SMEs, and government organizations. The global S2P outsourcing market is expected to grow at a CAGR of 14.1% during the forecast period.
