This report presents a strategic analysis of the underground continuous-action elevators market in the European Union and a forecast for its development in the medium term. It provides a comprehensive overview of the market, its dynamics, structure, characteristics, main players, trends, growth and demand drivers, etc.

The purpose of the report is to describe the state of the underground continuous-action elevators market in the European Union, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the next five years. In addition, the report presents an elaborate analysis of the main market participants, price fluctuations, trends, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using our unique methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the underground continuous-action elevators market in the European Union covers the following countries: Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, and the United Kingdom.

The report on the underground continuous-action elevators market in the European Union includes:
- Analysis and forecast for the economy of the European Union
- Analysis and forecast of the market size, value and dynamics
- Market structure (by origin, by country, by types of products, etc.)
- Volume, dynamics and analysis of domestic production (past, current and future)
- Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future)
- Volume, dynamics and analysis of imports (past, current and future)
- Volume, dynamics and analysis of exports (past, current and future)
- Volume, dynamics and analysis of consumption (past, current and future)
- Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Government structures, etc.) and the competitive landscape
- Value chain analysis
- Analysis and forecast of the trends and levels of supply and demand on the market
- Analysis of the factors, influencing the development of the market (market growth drivers, restraints, etc.)
- Country opportunity analysis
- Analysis of the major trade flows
- Forecast for development of the market in the medium term (including three possible scenarios for development).

This report will allow you to:
- Quickly and cost–effectively get a strategic analysis and gain competitive intelligence about the market
- Track market data, including size, value, dynamics, structure, segmentation and forecasts: past, present and future
- Track and identify key market trends, opportunities and threats and key drivers behind recent market changes
- Strategically assess market growth potential, demand drivers and restraints on the market
- Explore and identify new market opportunities in the countries and regions within the market
- Evaluate the key macroeconomic indicators to get insight into the general trends within the economy
- See how the market performed in the past (over the last 5 years) and how it will perform in the future (in the next 5 years)
- Get acquainted with the leading companies on the market
- Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment and understand competitive threats
- Empower your marketing, branding, strategy and market development, consumption and supply functions
with useful market insights
- Build your investment strategy by assessing market attractiveness or company attractiveness
- Build your own market entry or market expansion strategy or evaluate your current strategy
- Add weight to pitches and presentations by using official and accurate data and calculations.

If you are interested in the underground continuous-action elevators market in the European Union, this research report will provide you with a strategic analysis of the market, its recent and future development. In addition, the report will save you time and money while presenting you all the necessary information, empowering you to make informed decisions and move our unique

This report is 75% ready and is in completion stage. The final version of the research report will be presented up to 5 working days after your order. Feel free to contact us for more information or to request a demo version.

Contents:
1. Introduction
   1.1. Report description
   1.2. Research methodology
2. Executive summary
3. Characteristics of underground continuous-action elevators
4. Characteristics and analysis of raw materials base
5. State of the economy of the European Union
   5.2. Forecast for the development of the economy of the European Union for 2015-2018
6. Overview and analysis of the underground continuous-action elevators market in the European Union
   6.3. Structure of the underground continuous-action elevators market in the European Union by origin
   6.4. Structure of the underground continuous-action elevators market in the European Union by country
   6.5. Key recent trends on the underground continuous-action elevators market in the European Union
   6.6. Competitive landscape of the market
   6.7. Country opportunity analysis
   6.8. Key drivers and restraints for the market development in the medium term
   6.9. Forecast for development of the underground continuous-action elevators market in the European Union for 2015-2020
7. Overview and analysis of the domestic production of underground continuous-action elevators in the European Union
   7.2. Structure of the EU production of underground continuous-action elevators by countries
   7.3. Characteristics of the main companies, producers of underground continuous-action elevators in the European Union
8. Characteristics and analysis of the prices of underground continuous-action elevators in the European Union
   8.1. Value chain analysis
   8.2. Structure of price formation
   8.3. Characteristics of the producer prices of underground continuous-action elevators in the European Union in 2009-2014
   8.4. Characteristics of other prices of underground continuous-action elevators
9. Foreign trade operations of underground continuous-action elevators in the European Union
   9.1. Foreign trade operations of underground continuous-action elevators in the European Union in 2009-2014
10. Overview and analysis of the imports of underground continuous-action elevators to the EU market
   10.1. Volume, value and dynamics of the imports of underground continuous-action elevators to the European Union in 2009-2014
   10.2. Major trade inflows of underground continuous-action elevators imports to the European Union
   10.3. Structure of the imports of underground continuous-action elevators by types of products
   10.4. Prices of imported underground continuous-action elevators in the European Union
11. Overview and analysis of the EU exports of underground continuous-action elevators
   11.1. Volume, value and dynamics of the EU exports of underground continuous-action elevators in 2009-2014
11.2. Major trade outflows of underground continuous-action elevators exports from the European Union
11.3. Structure of the EU exports of underground continuous-action elevators by types of products
11.4. Prices of EU exports of underground continuous-action elevators
12. Characteristics of the consumption of underground continuous-action elevators in the European Union
12.2. Structure of the consumption of underground continuous-action elevators in the European Union in 2009-2014 (by origin, by channel)
12.3. Structure of the consumption of underground continuous-action elevators in the European Union by country
12.4. Volume, value and dynamics of the per capita consumption of underground continuous-action elevators in the European Union in 2009-2014
13. Forecast for development of the underground continuous-action elevators market in the European Union for 2015-2020
13.1. Factors, influencing the development of the underground continuous-action elevators market in the European Union in the medium term
13.2. Forecast for market development in the medium term under three possible scenarios

List of Tables:
Key indicators on the underground continuous-action elevators market in the European Union in 2009-2014
Key indicators of the economy of the European Union in 2009-2014
Forecast for the economy of the European Union for 2015-2018
Volume and dynamics of the underground continuous-action elevators market in the European Union in 2009-2014
Value and dynamics of the underground continuous-action elevators market in the European Union in 2009-2014, in physical terms
Value and dynamics of the underground continuous-action elevators market in the European Union in 2009-2014, in value terms
Structure of the underground continuous-action elevators market in the European Union by origin in 2009-2014, in physical terms
Structure of the underground continuous-action elevators market in the European Union by origin in 2009-2014, in value terms
Structure of the underground continuous-action elevators market in the European Union by country in 2009-2014, in physical terms
Structure of the underground continuous-action elevators market in the European Union by country in 2009-2014, in value terms
Country opportunity analysis
Volume and dynamics of the domestic production of underground continuous-action elevators in the European Union in 2009-2014
Value and dynamics of the domestic production of underground continuous-action elevators in the European Union in 2009-2014, in volume terms
Value and dynamics of the domestic production of underground continuous-action elevators in the European Union by producing countries in 2009-2014, in value terms
Value chain analysis of the underground continuous-action elevators market in the European Union
Cost breakdown of the price formation of underground continuous-action elevators in the European Union, in %
Volume and dynamics of the average producer prices of underground continuous-action elevators in the European Union in 2009-2014
Volume and dynamics of other prices of underground continuous-action elevators in the European Union (wholesale, distributor, retail, etc.) in 2009-2014
Trade balance of underground continuous-action elevators foreign trade in the European Union in 2009-2014, in physical terms
Trade balance of underground continuous-action elevators foreign trade in the European Union in 2009-2014, in value terms
Volume and dynamics of the imports of underground continuous-action elevators to the European Union in 2009-2014
Value and dynamics of the imports of underground continuous-action elevators to the European Union in 2009-2014
Main countries, importing underground continuous-action elevators to the European Union in 2009-2014, in physical terms
Main countries, importing underground continuous-action elevators to the European Union in 2009-2014, in value terms
Structure of the imports of underground continuous-action elevators by types of underground continuous-action elevators in 2009-2014, in physical terms
Structure of the imports of underground continuous-action elevators by types of underground continuous-action elevators in 2009-2014, in value terms
Average prices of imported underground continuous-action elevators to the European Union in 2009-2014
Volume and dynamics of the EU exports of underground continuous-action elevators in 2009-2014
Value and dynamics of the EU exports of underground continuous-action elevators in 2009-2014
Recipient countries of the EU exports of underground continuous-action elevators in 2009-2014, in physical terms
Recipient countries of the EU exports of underground continuous-action elevators in 2009-2014, in value terms
Structure of the EU exports of underground continuous-action elevators by types of underground continuous-action elevators in 2009-2014, in physical terms
Structure of the EU exports of underground continuous-action elevators by types of underground continuous-action elevators in 2009-2014, in value terms
Average prices of the EU exports of underground continuous-action elevators in 2009-2014
Volume and dynamics of the consumption of underground continuous-action elevators in the European Union in 2009-2014
Value and dynamics of the consumption of underground continuous-action elevators in the European Union in 2009-2014
Structure of the consumption of underground continuous-action elevators in the European Union in 2009-2014, in physical terms
Structure of the consumption of underground continuous-action elevators in the European Union in 2009-2014, in value terms
Structure of the consumption of underground continuous-action elevators in the European Union by consuming countries in 2009-2014
Volume and dynamics of the per capita consumption of underground continuous-action elevators in the European Union in 2009-2014
Value and dynamics of the per capita consumption of underground continuous-action elevators in the European Union in 2009-2014
Balance between supply and demand on the underground continuous-action elevators market in the European Union in 2009-2014 and forecast for 2015-2020, in physical terms
Balance between supply and demand on the underground continuous-action elevators market in the European Union in 2009-2014 and forecast for 2015-2020, in value terms
Forecast for the total supply of underground continuous-action elevators in the European Union for 2015-2020 (under the framework of the base scenario), in physical and value terms
Forecast for the total supply of underground continuous-action elevators in the European Union for 2015-2020 (under the framework of the pessimistic scenario), in physical and value terms
Forecast for the total supply of underground continuous-action elevators in the European Union for 2015-2020 (under the framework of the optimistic scenario), in physical and value terms
