The Epigenome and Developmental Origins of Health and Disease

Description:
The Epigenome and Developmental Origins of Health and Disease synthesizes the existing knowledge on how the in utero environment could be the most important environment in shaping later risk for various diseases or to conversely promote the health of the offspring.

The book mines the existing literature from a variety of disciplines from toxicology to nutrition to epigenetics to reveal how contrasting maternal in utero environmental changes might be leading to epigenetic convergence and the resulting deleterious phenotypic and physiological effects in our offspring.

It is increasingly becoming apparent that even subtle changes in the mother’s diet, stress, and exposure to low concentrations of toxic chemicals at levels deemed safe by the EPA and FDA, such as endocrine disrupting compounds (EDC), can dramatically impact the health of our children, possibly leading to metabolic, cardiovascular, immunological, neurobehavioral disorders, and increased risk for cancer to list but a few examples.

- Informs how everyday choices pregnant women make can impact child development
- Ties together how in utero environmental changes may be inducing epigenetic changes in the offspring leading to overlapping phenotypes regardless of the initial insult (toxic, nutrition, or stress)
- Includes a boxed-in area in each chapter for further references and resources to keep up with the field
- Features video interviews with the authors and other key leaders in the field

Contents:
1. The Developmental Origins of Health and Disease (DOHaD) concept: past, present and future.
2. Historical Perspective of Developmental Origins of Health and Disease in Humans
3. DOHaD and the Periconceptional Period, a Critical Window in Time
4. Introduction to Epigenetic Mechanisms: The Probable Common Thread for Various Developmental Origins of Health and Diseases Effects
5. Fetal Neuro-Hormonal Programming and Endocrine Disruption
6. Parental nutrition and developmental origins of health and disease
7. Maternal prenatal stress and the developmental origins of mental health: the role of epigenetics
8. Epigenetics in the Developmental Origin of Cardiovascular Disorders
9. Developmental Effects of Endocrine-Disrupting Chemicals in the Ovary and on Female Fertility
10. Developmental and Epigenetic Origins of Male Reproductive Pathologies
11. Developmental Origins of Childhood Asthma and Allergic Conditions
   is there evidence of epigenetic regulation?
12. Immune Disorders, Epigenetics, and the Developmental Origins of Health and Disease
13. Neurobehavioral Disorders and DOHaD
14. Metabolic Disorders and DOHaD
15. The developmental origins of renal dysfunction
16. Cancer and DOHaD- Epigenetic reprogramming as a mediator
17. Epigenetic regulation of gastrointestinal epithelial barrier and developmental origin of health and disease
19. Linkage Between in Utero Environmental Changes and Preterm Birth
20. Sexual Dimorphism and DOHaD Through the Lens of Epigenetics
21. Transgenerational Epigenetic Inheritance: Past Exposures, Future Diseases
22. The Placenta and DOHaD
23. The Moral and Legal Relevance of DOHaD Effects for Pregnant Mothers
24. Introduction to Moms in Motion (MIM) Chapter
25. Reversing Harmful DOHaD Effects
26. Informational Resources for Developmental Origins of Health and Disease Research

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3329051/
Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
