The Indonesian Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile

Description:

This report provides analysis on competitive benchmarking along with top companies active across the Indonesia defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Key Findings:

"The Indonesian Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile" is an essential source of information covering the top companies of the defense industry in Indonesia.

Indonesia is one of the few countries to give defense expenditure a low priority. During the Suharto regime, expenditure on national defense and security was secondary to, and dependent upon, the country's economic development.

Reasons to Purchase:

"The Indonesian Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile" allows you to:

- Gain insight into the competitive landscape of the Indonesia defense industry.
- Identify top companies in the Indonesia defense industry along with profiles of those companies.
- Analyse the activity of key defense companies (both domestic and foreign), together with insights such as key alliances, strategic initiatives, and a brief financial analysis.
