Furniture and Floor Coverings Retailing in France- Market Summary and Forecasts; Comprehensive overview of the market, consumer, and competitive context, with retail sales value and forecasts to 2019

Description:

Summary

Sales in the French furniture and floor coverings retail market accounted for 3.2% of the total sales in 2014. The French furniture and floor coverings retail market is dominated by domestic retailers, where the majority of the market is being controlled by home furniture and homewares retailers. The sector is victim of economic uncertainties, however, expectations of an increase in government support for the residential sector and continuing consumer interest in cheaper furniture will provide some growth opportunities to the furniture and floor coverings market.

Key Findings

- Home furniture and homewares retailers account for 70.6% of the total sales of furniture and floor coverings in 2014

- Expectations of an increase in government support for the residential sector and continuing consumer interest in cheaper furniture will provide some growth opportunities in this sector

- Sales through online channel is gaining momentum and is expected to grow at a CAGR of 7.30% during 2014-2019.
