India Radio Taxi Services Market Forecast and Opportunities, 2020

Description: According to the report, "India Radio Taxi Services Market Forecast & Opportunities, 2020", radio taxi services market in India is forecast to grow at a CAGR of over 17% during 2015-2020. The radio taxi services market in India is dominated by OLA, Meru Cabs, Carz On Rent and Uber Cabs which collectively captured more than three-fourth of the market share in 2014. The southern region of India comprising Hyderabad, Bangalore and Chennai dominated India radio taxi services market in 2014, followed by the country's western region. With growing penetration of aggregator business model and increasing investment in the organized market, India radio taxi services market is expected to witness significant growth through 2020.

Radio taxi services market in India has been exhibiting strong growth over the last few years with tier-I and tier-II cities witnessing vast improvements in their transportation systems. With changing travellers lifestyle and preferences, an increasing number of people in the country, especially corporates, prefer well-maintained, on-time taxi services, which is majorly addressed by organized radio taxi service providers in the country. Organized radio taxis provide safe, reliable and comfortable travel experience to commuters, along with various other facilities like online booking/payment option, booking through applications, 24x7 availability, discounts, etc. On account of these benefits offered by radio taxi operators, customers are increasingly shifting from traditional unorganized taxis to organized radio taxis.
