Broadband Newsletter

Description: Broadband has become a hot topic in the telecommunications business from technical, marketing, policy, and regulatory standpoints. As with any topic that gains that much attention, a great deal of misinformation has developed. It is written by Clif Holliday, a true expert in telecommunications with over 40 years of experience in the field, both as a network planner for GTE and as a private consultant. Mr. Holliday has written extensively about broadband issues, including a popular series of reports on "riding the lightwave."
