Corporate Training Market in the US 2015-2019

Description:
About Corporate Training
Corporate training is an integral part of a successful organization's discretionary budget. The primary objective of this training is to reduce gaps in the capabilities of the workforce, both technical and non-technical, as well as to groom eligible employees to move up the company's hierarchy. Intense competition has pushed organizations to diversify regionally and internationally, increasing the need for proper training and development of the workforce. The scope of the market is widening with the adoption and implementation of such products by SMBs and large organizations at the managerial and leadership levels.

The analysts forecast the corporate training market in the US to grow at a CAGR of 7.81% in terms of revenue over the period 2014-2019.

Covered in this Report
This report covers the present scenario and the growth prospects of the corporate training market in the US for the period 2015-2019. To calculate the market size, the report considers revenue generated from corporate training across various regions worldwide.
