Description: Summary
Books, News and Stationery products market in the UK is forecast to contract in terms of sales over next five years. Increasing inclination towards adopting digital technology is expected to impact the performance of the books, news, and stationery products market in the UK. Sales through online channel are expected to grow at a CAGR of 10.7% during 2014-2019.

Key Findings
- Books, news and stationery segment is projected to witness sluggish growth over the next few years and account for 3.0% of the total retail market by 2019.
- Advent of digital technology, increasing internet penetration, and increasing adoption of mobile devices is projected to result in a decline of sales of books, news and stationery products.
- Online retail channel to post healthy growth in the forecast period
- As increasing number of consumers opt for e-books and organizations aiming at becoming paperless, books and stationery retailers are expected to witness sluggish growth over the next few years.
