Furniture and Floor Coverings Retailing in Italy- Market Summary and Forecasts; Comprehensive overview of the market, consumer, and competitive context, with retail sales value and forecasts to 2019

Description:

Summary
The Italian furniture market is the second highest in volume in Europe. The retail market for furniture and floor coverings recorded sales of EUR17.7 billion in 2014, which is anticipated to observe a CAGR of -0.1% over the next five years, to reach EUR17.6 billion by 2019. However, the sector was a victim of economic uncertainties and recorded negative growth over the historic period. Reduced purchasing power will continue to have a negative impact on the sector.

Key Findings
- Home furniture and homewares retailers account for 89.4% of the total sales of furniture and floor coverings
- Furniture was the largest category with 70.8% within the group in 2014 and also remains as the largest category during the forecast period.
- Expectations of an increase in government support for the residential sector and continuing consumer interest in cheaper furniture will provide some growth opportunities to the furniture and floor coverings market.
- Online spending on furniture and floor coverings is anticipated to grow at a CAGR of 21.9% in 2014-2019.
