Furniture and Floor Coverings Retailing in the UK- Market Summary and Forecasts; Comprehensive overview of the market, consumer, and competitive context, with retail sales value and forecasts to 2019

Description:

Summary
Sales in the UK furniture and floor coverings retail market accounted for 4% of the total sales in 2014. Specialist retailers dominate the Furniture market in the UK. The market has seen a significant growth in recent years, with an increase in the number of people working and the continuous recovery in the housing market. Demand for smaller, as well as multi-functional, furniture has also soared in the country, especially among the youth, who are pressurized by size of their living spaces. The segment is forecast to recover from a negative value growth seen over the last five years.

Key Findings
- Home furniture and homewares retailers account for 58.6% of the total sales of furniture and floor coverings
- Furniture is expected to remain the largest category, growing at a CAGR of 2.2% during the forecast period.
- Positive momentum in the economy and a deeper housing recovery is expected to drive sales.
- Sales through online channel is gaining momentum and is expected to grow at a CAGR of 8.5% during 2014-2019.
