Global Organic Trace Minerals for the Animal Feed Market 2015-2019

Description: About organic trace minerals for animal feed

Organic trace minerals are minerals used in small quantities, which are formed by attaching inorganic trace minerals to organic molecules such as amino acids or polysaccharides. The organic molecules used in the formation of organic trace minerals are called chelates. Though only small quantities of organic trace minerals are added to animal feed, they play an important role in maintaining the animal's health. The chelates in these minerals prevent the trace minerals from interacting with other minerals and feed components in the animals' bodies, thereby enhancing the absorption of the trace minerals. The bioavailability of organic trace minerals is higher than that of inorganic trace minerals. As a result, organic trace minerals are increasingly preferred over inorganic trace minerals in the animal feed segment.

The report forecasts the global organic trace minerals for animal feed market to grow at a CAGR of 7.62% over the period 2014-2019.

Covered in this report

Based on metal type, the global organic trace minerals for animal feed market can be segmented into zinc, manganese, iron, copper, and others.

The report, Global Organic Trace Minerals for Animal Feed Market 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers APAC, Europe, North America, Latin America, and ROW; it also covers the global organic trace minerals for animal feed market landscape and its growth prospects in the coming years. The report also includes a discussion on the key vendors operating in this market.

Key regions
- America
- APAC
- Europe
- ROW

Key vendors
- Alltech
- Balchem
- Kemin
- Novus
- Pancosma
- Tanke
- Zinpro

Other prominent vendors
- Albion Laboratories
- Aliphos
- Alltech
- Azomite Mineral Products
- Biochem Lohne Germany
- Global Animal Products
- Impextraco
- Kemin
- Norel
- Novus
- Phibro Animal Health
- Premex
- Priya Chemicals
- QualiTech
- Suboneyo Chemicals Pharmaceuticals
- Vamso Biotec
- Vetco (India)
Market drivers
- Hazardous effects of unabsorbed inorganic minerals
- For a full, detailed list, view the full report

Market challenges
- Growing popularity of hydroxy trace minerals
- For a full, detailed list, view the full report

Market trends
- Increased use of water-soluble organic feed additives
- For a full, detailed list, view the full report

Key questions answered in this report
- What will the market size be in 2019 and what will the growth rate be?
- What are the key Market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
PART 08: Segmentation by chelate type
Global organic trace minerals for animal feed market by chelate type

PART 09: Geographical segmentation
Segmentation of global organic trace minerals for animal feed market by geography
Global organic trace minerals for animal feed market by geography
Organic trace minerals for animal feed market in Europe
Organic trace minerals for animal feed market in APAC
Organic trace minerals for animal feed market in Americas
Organic trace minerals for animal feed market in ROW

PART 10: Key leading countries
Developed economies
Emerging economies

PART 11: Market drivers

PART 12: Impact of drivers

PART 13: Market challenges

PART 14: Impact of drivers and challenges

PART 15: Market trends

PART 16: Vendor landscape
Competitive scenario
Major market vendors
Major organic trace mineral manufacturers
Major animal feed premix manufacturers
Key suppliers and distributors

PART 17: Key vendor analysis
Alltech
Balchem
Kemin
Pancosma
Tanke
Zinpro

PART 18: About the Author

List of Exhibits
Exhibit 01: Major segments of global organic trace minerals for animal feed market
Exhibit 02: Product offerings
Exhibit 03: Livestock population 2003-2013 (billions)
Exhibit 04: Meat consumption by type (kilograms per capita, carcass weight equivalent)
Exhibit 05: Global animal feed market 2014-2019 ($ billions)
Exhibit 06: Global production of farm animal feed 2014
Exhibit 07: Feed volumes by species 2014
Exhibit 08: Top 20 feed producers ranked by volume
Exhibit 09: Segmentation of global animal feed additives market by type of additive
Exhibit 10: Segmentation of global animal feed additives market by type 2014
Exhibit 11: Types of mineral additives used in animal feed
Exhibit 12: Types of mineral additives used in animal feed
Exhibit 13: Global organic trace minerals for animal feed market 2014-2019 ($ billions)
Exhibit 14: Global organic trace minerals for animal feed market 2014-2019 (kt)
Exhibit 15: Prevailing prices of popular organic trace minerals ingredients
Exhibit 16: Animal feed composition: Organic versus inorganic trace minerals
Exhibit 17: Supply chain of global organic trace minerals for animal feed market 2014
Exhibit 18: Global organic trace minerals for animal feed market: Producers of raw materials
Exhibit 19: Five forces analysis
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Global Organic Trace Minerals for the Animal Feed Market 2015-2019
Web Address: http://www.researchandmarkets.com/reports/3429433/
Office Code: SC

Product Formats
Please select the product formats and quantity you require:

<table>

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

- Account number: 833 130 83
- Sort code: 98-53-30
- Swift code: ULSBIE2D
- IBAN number: IE78ULSB98533083313083
- Bank Address: Ulster Bank, 27-35 Main Street, Blackrock, Co. Dublin, Ireland.
