Ache Laboratorios Farmaceuticos S/A - Product Pipeline Review - 2015

Description: Ache Laboratorios Farmaceuticos S/A - Product Pipeline Review - 2015

Summary

This report provides comprehensive information on the current therapeutic developmental pipeline of Ache Laboratorios Farmaceuticos S/A's, complete with comparative analysis at various stages, therapeutics assessment by drug target, mechanism of action (MoA), route of administration (RoA) and molecule type. It also reviews latest updates, and featured news and press releases, along with special features on late-stage and discontinued projects.

The report features investigational drugs from across globe covering over 20 therapy areas and nearly 3,000 indications. The report is built using data and information sourced from proprietary databases, Company/University websites, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources. Drug profiles/records featured in the report undergoes periodic updates following a stringent set of processes that ensures that all the profiles are updated with the latest set of information. Additionally, processes including live news & deals tracking, browser based alert-box and clinical trials registries tracking ensure that the most recent developments are captured on a real time basis.

The report enhances decision making capabilities and help to create effective counter strategies to gain competitive advantage. It strengthens R&D pipelines by identifying new targets and MOAs to produce first-in-class and best-in-class products.

Note*: Certain sections in the report may be removed or altered based on the availability and relevance of data for the indicated disease.

Scope

- The report provides brief overview of Ache Laboratorios Farmaceuticos S/A including business description, key information and facts, and its locations and subsidiaries
- The report reviews current pipeline of Ache Laboratorios Farmaceuticos S/A's human therapeutic division and enlists all their major and minor projects
- The report features product description and descriptive mechanism of action for key pipeline products along with the product's developmental history and major milestones
- Special feature on out-licensed and partnered product portfolio
- The report summarizes all the dormant and discontinued pipeline projects
- Latest company statement
- Latest news and deals relating to the Ache Laboratorios Farmaceuticos S/A's pipeline products

Reasons to buy

- Evaluate Ache Laboratorios Farmaceuticos S/A's strategic position with total access to detailed information on its product pipeline
- Assess the growth potential of Ache Laboratorios Farmaceuticos S/A in its therapy areas of focus
- Identify new drug targets and therapeutic classes in the Ache Laboratorios Farmaceuticos S/A's R&D portfolio and develop key strategic initiatives to reinforce pipeline in those areas
- Exploit in-licensing opportunities by identifying windows of opportunity to fill portfolio gaps
- Develop strategic initiatives by understanding the focus areas of Ache Laboratorios Farmaceuticos S/A and exploit collaboration and partnership opportunities
- Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage
- Plan mergers and acquisitions effectively by identifying the most promising pipeline of Ache Laboratorios Farmaceuticos S/A
- Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope
- Explore the dormant and discontinued projects of Ache Laboratorios Farmaceuticos S/A and identify potential opportunities in those areas
- Avoid Intellectual Property Rights related issues
