Description: Abstract
The 'A-1' rating on Cargill Australia Ltd.'s A$300 million commercial paper program reflects an unconditional guarantee by parent company Cargill Inc. (Cargill, A+/Negative/A-1). The ratings on Cargill and related entities are supported by the firm's position as one of the world's leading agribusiness companies, with major market positions in agricultural processing and merchandising, industrial production, and financial services. The company's product and geographic diversity, as well as a vast communication and transportation network, helps optimize commodity movements and provides competitive advantages. There also is less exposure to any one segment of U.S. agriculture, or to any one international locale. Although recent business fundamentals have improved primarily in the grain merchandising and oilseed processing segments, on average, recent results have been...

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer's creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor's issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
