- How are the overall market and different product segments growing?
- How is the market predicted to develop in the future?
- What is the market potential compared to other countries?

The latest industry data included in the reports:

- Overall oil and gasoline additive market size, 2008-2019
- Oil and gasoline additive market size by product segment, 2008-2019
- Growth rates of the overall oil and gasoline additive market and different product segments, 2008-2019
- Shares of different product segments of the overall oil and gasoline additive market, 2008, 2014 and 2019
- Market Potential Rates of the overall oil and gasoline additive market and different product segments

The market data is given for the following product segments:

- Anti-knock preparations based on lead compounds
- Other anti-knock preparations
- Petroleum and bitumen oil lubricating oil additives
- Other lubricating oil additives
- Other oil and gasoline additives

Among the key reasons to purchase include the following:

- Gain an outlook of the historic development, current market situation, and future outlook of the oil and gasoline additive market in different European countries to 2019
- Track industry developments and identify market opportunities
- Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects
- Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.
