Big Data in Global Retail Market: Key Trends, Market Opportunities and Industry Forecast 2015-2020

Description: Big Data in Global Retail market is expected to grow at a CAGR of 35% representing in huge opportunities in this sector. This growth is driven by increasing penetration of big data, increase in analytics services and availability of affordable big data solution and services to end users.

Big Data in Retail Industry controls the 9% market share in terms of revenue in Global Big Data market. It is expected to become fourth largest industry in terms of it's market share position in 2020.

Organizations worldwide are turning their attention to Big Data as a useful means to derive insights from the huge amount of data generated from various sources. Technologies such as NoSQL databases and MapReduce/Hadoop frameworks are at the core of the solutions heralding a paradigm shift. This research found that high investment costs, lack of awareness and novelty have been the main threats for new entrants in the Big Data space. There are a few major players who control the entire value chain. However, many smaller players have mushroomed who provide consulting in the Analytics space. This research also found that most organizations misunderstand Big Data and it is important to educate the end users through face to face interactions.

Spanning over 103 pages and 75 exhibits, "Big Data in Global Retail Market: Key Trends, Market Opportunities and Industry Forecast 2015-2020" report presents an in-depth assessment of the Big Data in Global Retail market from 2015 till 2020. The report has detailed company profiles including their position in big data market value chain, financial performance analysis, product and service wise business strategy, SWOT analysis and key customer details for 12 key players in Global market namely TEG Analytics, Heckyl Technologies, KloudData Inc., Gramener, Germin8, VIS Networks Pvt. Ltd., Abzooba, Fintellix, Latentview, Indix, Analytic-Edge and Tookitaki. Scope of Big Data in Global Retail Market: Key Trends, Market Opportunities and Industry Forecast 2015-2020 Report - This report provides detailed information about Big Data in Global Retail market including future forecasts. - This report identifies the need for focusing on Big Data in Retail market. - This report provides detailed information on growth forecasts for Big Data in Global Retail market up to 2020. - The report identifies the growth drivers and inhibitors for Global Big Data market. - This study also identifies various parts of Big Data value chain. - This report has detailed profiles 12 key players in Global Big Data market covering their business strategy, financial performance, future forecasts and SWOT analysis. - This report covers the competitive landscape in Big Data in Global Retail market. - This report provides Porter’s Five Forces analysis for Big Data in Global Retail market. - This report provides SWOT (strengths, weakness, opportunities and threats) analysis for Big Data in Global Retail market. - This report also provides strategic recommendations for end users, Big Data service providers and investors.
