
Description:
About digital glass cockpit systems
Digital glass cockpit systems have become an effective means of enhancing the capabilities of military aircraft. Digital glass cockpit systems reduce the weight of aircraft and information management workload, which saves power, allows easier interaction with ATCs, avoids accidents, and enables faster training of new pilots. They also improve functionality and accuracy with enhanced safety and situational awareness for both the pilot and aircraft. In addition, advanced touchscreen display technologies are gaining popularity in the military aircraft market.

The report forecasts the global digital glass military aircraft cockpit systems market to grow at a CAGR of 2.02% over the period 2014-2019.

Covered in this report
The report provides a comprehensive overview of market shares, market segmentation by system, and growth prospects by region (the Americas, APAC and EMEA). It also presents the market landscape and a corresponding analysis of the five major vendors in the market.

In addition, the report discusses the primary drivers influencing the growth of the market. It also outlines the challenges faced by vendors and the market at large, as well as the key trends emerging in the market.

Key regions
- Americas
- APAC
- EMEA

Key vendors
- Astronautics Corporation of America
- Barco
- Elbit Systems
- Esterline Technologies
- Finmeccanica Group

Other prominent vendors
- Garmin
- Honeywell Aerospace
- L-3 Communications Holdings
- Rockwell Collins
- Thales

Market drivers
- Growing demand for automation
- For a full, detailed list, view the full report

Market challenges
- Cuts in defense budgets
- For a full, detailed list, view the full report

Market trends
- Emergence of SVAB

Key questions answered in this report
- What will the market size be in 2019 and what will the growth rate be?
- What are the key Market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
What are the market opportunities and threats faced by the key vendors?
What are the strengths and weaknesses of the key vendors?

Five forces analysis

PART 06: Global aerospace and defense supply chain system

PART 07: Global aerospace and defense value chain system

PART 08: Market segmentation by system
Global digital glass military aircraft cockpit systems market by system

PART 09: Market segmentation by system
Global multifunction flight display systems market
Global primary flight display systems market
Global EICAS market

PART 10: Geographical segmentation
Global digital glass military aircraft cockpit systems market by region
Digital glass military aircraft cockpit systems market in Americas
Digital glass military aircraft cockpit systems market in APAC
Digital glass military aircraft cockpit systems market in EMEA

PART 11: Market drivers

PART 12: Impact of drivers

PART 13: Market challenges
