cPDM Market in the Electrical and Electronics: Industry Analysis 2015-2019

Description:
About cPDM
cPDM software solutions is a strategic business approach applying a consistent set of business solutions that collaboratively provide effective and efficient methods for managing the functions of product lifecycle management (PLM). They help in effective product data management, collaborative product visualization, collaborative product commerce, effective integration of cPDM with enterprise applications, and supplier relationship management (SRM). cPDM software solutions assist in streamlining manufacturing and production processes for efficient business operation. cPDM solutions help enterprises bring innovative and profitable products to market more effectively in the evolving e-business web-enabled environment. These software solutions are adopted by industries such as the automotive, electrical and electronics, industrial machinery, aerospace and defense, process packaged goods, petrochemical, and shipbuilding.

The report forecasts the global cPDM market in the electrical and electronics industry to grow at a CAGR of 10.58% over the period 2014-2019.

Covered in this report
The report covers the current scenario and the growth prospects of the global cPDM market in the electrical and electronics industry for the period of 2015-2019. To calculate the market size and vendor share, the report considers both the direct and indirect revenue of vendors. It presents the vendor landscape and a corresponding detailed analysis of the top four vendors in the market.

The report, Global cPDM Market in the Electrical and Electronics Industry 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report includes a discussion of the key vendors operating in this market.

Key vendors
- Autodesk
- Dassault Systèmes
- PTC
- Siemens PLM Software

Other prominent vendors
- Accenture
- Capgemini
- Deloitte
- HP
- IBM
- Oracle
- Synopsys
- TCS

Key Market drivers
- Increase in ROI
- For a full, detailed list, view the full report

Key Market challenges
- Need for product and training costs
- For a full, detailed list, view the full report

Key Market trends
- Availability of cloud-based services

Key questions answered in this report
- What will the market size be in 2019 and what will the growth rate be?
- What are the key Market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
