Summary: Korea (Republic of) Oct 15

Description:
Abstract
This report supplements our research update "Korea Foreign Currency Sovereign Ratings Raised To 'AA-/A-1+'; Outlook On Long-Term Ratings Stable," published on Sept. 15, 2015. To provide the most current information, we may cite more recent data than that stated in the previous publication. These differences have been determined not to be sufficiently significant to affect the rating and our main conclusions. Our ratings on the Republic of Korea reflect the country's favorable policy environment, sound fiscal position, and net external creditor position. Significant security risks and contingent liabilities offset these strengths. Korea has exhibited stronger economic performance in recent years than other high-income economies, which has augmented sovereign credit support. Standard & Poor's Ratings Services estimates the trend rate of...

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer’s creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor’s issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
