Home and Garden Products Retailing in Middle East and Africa, 2014-2019: Market Dynamics, Retail Trends, and Competitive Landscape

Description:

Summary
Home and Garden products retail market in Middle East and Africa is expected to grow at a slow pace over the next five years. South Africa is the largest market for home and garden products in the region. However, Saudi Arabia is set to surpass South Africa by 2019 in terms of sales, fuelled by strong economic conditions, a large young population, increasing social media use, and western influence. In addition, government initiatives to increase the home ownership will help increase the demand for home and garden products in the country.

Key Findings
- The Middle East and Africa Home and Garden products market is forecast to mark over US$20 billion in retail sales by 2019, growing at a CAGR of 3.8%, driven by demand for home improvement products

- South Africa leads the Home and Garden market in 2014, but the market to is expected to remain virtually flat during 2014-2019

- Saudi Arabia will continue to grow at a faster pace during 2014-2019 at a CAGR of 8.5%, and will surpass South Africa by achieving sales of nearly US$10 billion

- Specialist retailers remains the major channel for Home and Garden products, with home improvement and gardening supplies retailers hold 65% market share in the region
