Home and Garden Products Retailing in Asia Pacific, 2014-2019: Market Dynamics, Retail Trends, and Competitive Landscape

Description:

Summary

Asia-Pacific is the fastest growing region across the global Home and Garden products retail market. China is the largest market for Home and Garden products in the region, and will continue to hold its position driven by improved living conditions, household disposable incomes and initiatives to increase homeownership. Along with China, India and Hong Kong are expected to grow at a higher CAGR over next five years. Online is the fastest growing channel in the region. However, specialist retailers still dominate home and garden market in the region.

Key Findings

- China is the largest and fastest growing market in the region for home and garden products, which is expected to achieve sales of US$367 billion by 2019 with a CAGR of 13.0%

- Home improvement and gardening supplies retailers continues to be the major channel for Home and Garden products, with a share of 52.7% in the total home and garden sales in the region.

- Online is the fastest growing channel in the region with its sales expected to reach approximately US$50 billion by 2019 with a CAGR of 34.9%

- Japan will continue to be the second largest retailer in the region but is expected to grow at a meagre CAGR of 1.6%
