The Turkish Defense Industry - Competitive Landscape and Strategic Insights to 2020: Market Profile

Description:
This report provides analysis on competitive benchmarking along with top companies active across the Turkey defense industry. It features insights into the recent activity and strategic initiatives of key public sector companies that support the industry. The information is divided into sections such as company overview, products and services and alliances, to give the reader an understanding of the business environment in which the defense industry operates.

Key Findings
Turkey's defense sector is highly dependent on domestic procurement and, as a result, the majority of the market is controlled by state-owned Denel. Many Turkish defense firms enter into joint ventures or collaborations in order to acquire technology or gain funding.
