Commercial Payment Cards: U.S. and Global Market Trends, 9th Edition

Description: Commercial Payment Cards: U.S. and Global Market Trends, 9th Edition

This 9th edition of Commercial Payment Cards: U.S. and Global Market Trends presents data and analysis on the global and U.S. market for commercial payment solutions, including cards and automated clearing house (ACH) payment services. This report quantifies the size and growth of the market and provides key metrics within the broader payment card arena. Included are discussions and analysis of the various card associations or networks, commercial payment card types, trends and factors affecting their growth, and a focused analysis of commercial card consumer demographics and preferences. In addition, this report profiles major card brands and issuers and analyzes their recent activity.

Contents: Chapter 1: Executive Summary Report Scope Report Summary Market size and forecast Global commercial card market size China UnionPay spend leads the away Global commercial purchase value share declines—but that's okay Visa maintains commercial card spend lead; MasterCard & CUP grow share U.S. card purchase value trends Visa maintains lead U.S. commercial card purchase value chips away at ACH lead MasterCard gains U.S. small business and middle-/large-market value and share Non-U.S. card purchase volume trends Non-U.S. commercial card purchase value trends U.S. commercial card usage rates on the upswing Check usage trends diverge according to company size Card transactions remain a small slice of commercial payments pie Large market corporations are increasingly converts Purchasing card growth U.S. EAP growth U.S. commercial opportunity: expenditures almost $24 trillion U.S. commercial opportunity: electronic B2B payments top $28 trillion Corporate ACH applications: value and volume Sizing small, middle- & large-market companies by operating revenue Sizing small, middle- & large-market companies by employment size Commercial card growth drivers & trends Global payment solutions for a global world Global payment cash management strategy Cards are a piece of the puzzle Example: Ericson Checks on the decline across the globe U.S. check volume drops 36% in four years B2B check trends less dramatic Larger checks remain a sticking point Checks remain primary method for making and receiving payments among U.S. businesses Small- and medium-sized businesses lag behind larger companies Electronic B2B pushes forward Not just payments ACH B2B innovation It's all about standardization Whoever has the most addenda wins Broadening the net to include small business Keep it under the vest Speed it up! Card-based B2B innovation A virtual card Dynamic discounting: speed up the payment; kick back the discount Example: Taulia Dynamic discounting + supply chain finance Example: Basware Pay Interchange and other fees: a look at the U.S. But are commercial card interchange rates any steeper consumer card card rates? Non-U.S. commercial card trends China Plenty of credit card spend—but still a sliver of potential Homegrown dominance Industrial and Commercial Bank of China on top Lagging commercial card solutions Western players Marketplace opening WTO ruling Don't hold your breath CUP competition with Visa Commercial card market to get a boost But interchange bar set low Other Asia Pacific Europe Latin America U.S. commercial card usage trends Business credit card usage universe Business card usage by company employment size Business card usage by Fortune 500 status Business card penetration by occupation Business purchasers Business purchase decisions: involvement type & employment size Business purchase decision-makers: card use, brand & employment size Card ownership correlated to higher annual purchase amounts Commercial card network operators American Express Brand erosion? Location, location, location Small business Small business and corporate card portfolio Small business strategy and trends Movement to category-based rewards tiers Addressing the airport lounge issue Program wins and losses Middle market, large market and global corporation strategy and trends Global Commercial Services Global Corporate Payments Commercial growth via network partnerships Corporate card programs American Express Corporate Card Business-to-business payment solutions Commercial card performance and growth trends Tapering growth ahead JCB Expansion moves MasterCard Commercial payment solutions Small business T&E and B2B Commercial card performance trends Non-U.S. trends U.S. trends China UnionPay Mirroring Chinese market growth And maintaining domestic market dominance—for now While aggressively moving onto the global stage Performance trends: increasing global reach Visa, Inc. Small business strategy Medium-sized and large business strategy The secret sauce
