Intracellular Consequences of Amyloid in Alzheimer's Disease

Description: Consequences of Intracellular Amyloid in Alzheimer’s Disease addresses one of the more currently unresolved aspects confounding Alzheimer's research, the significance of intraneuronal amyloid. It seeks to explain some of the unresolved questions concerning intracellular amyloid and its origin, entry, and toxicity.

Following up on Dr. D'Andrea's first book, Bursting Neurons and Fading Memories: An Alternative Hypothesis for the Pathogenesis of Alzheimer's Disease, this book further examines the Inside-Out or Bursting alternative hypothesis of how amyloid escapes the circulatory system to ultimately enter neurons, also examining whether there is a relationship between intracellular amyloid, amyloid plaques, and cognitive impairment. Through a comprehensive explanation of the currently relevant scientific research on intracellular amyloid compiled in this handy reference, readers will better understand the mechanisms that lead to neuron death.

- Presents the latest research on the significance of intracellular amyloid as it relates to Alzheimer's
- Addresses crucial questions about intracellular amyloid, including how it forms and enters neurons, its toxicity, if it triggers cell death, and how amyloid plaques are formed
- Examines the potential relationship between intracellular amyloid, plaques, and cognitive impairment in an effort to answer whether Alzheimer’s is initially a problem of amyloid, the neuron, or of the blood-brain barrier
- Seeks to help researchers generate additional alternative therapeutic opportunities to cure Alzheimer’s

Contents:

1. Amyloid basis of Alzheimer’s disease
2. Origin(s) of Intraneuronal Amyloid
3. Natural Intracellular Consequences of amyloid
4. Pathological consequences of Abeta from extracellular to intraneuronal
5. Intraneuronal Amyloid and Plaque Formation
6. Intraneuronal Amyloid and Cognitive Impairment
7. Intraneuronal Amyloid and Inflammation
8. Consequences of Intracellular Amyloid in the Vascular System
9. Implications of Intraneuronal Amyloid

Appendix: Glossary

Ordering:

Order Online - http://www.researchandmarkets.com/reports/3504136/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Intracellular Consequences of Amyloid in Alzheimer's Disease
Web Address: http://www.researchandmarkets.com/reports/3504136/
Office Code: SC

Product Format
Please select the product format and quantity you require:

| Quantity | Hard Copy (Paper back): | USD 58 + USD 28 Shipping/Handling |

* Shipping/Handling is only charged once per order.
* The price quoted above is only valid for 30 days. Please submit your order within that time frame to avail of this price as all prices are subject to change.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
