Summary: Kotak Mahindra Bank Dec 15

Description:

Abstract
Strong capital and earnings. Strong management. Funding profile is weaker than peers’. High exposure to commercial real estate. The stable outlook on Kotak Mahindra Bank reflects our view that the bank will maintain the strength of its capital and risk management over the next 12-24 months, despite some deterioration in its capitalization. We could lower the rating if Kotak Mahindra Bank's risk-adjusted capital (RAC) ratio declines below 10%, which could happen if the bank's assets grow higher than our expectations or the economic risk in India worsens. An upgrade of the bank in the next one to two years is unlikely. We could raise the rating if the bank's funding profile improves materially to levels comparable with the industry average...

Standard and Poors RatingsXpress Credit Research provides in-depth coverage of international corporates, financial institutions, insurance companies, utilities, sovereigns and structured finance programs. RatingsXpress Credit Research lets users determine the credit rating of holdings and identify key factors underlying an issuer’s creditworthiness, distinguishes the different risk exposures for new and existing deals, and provides an understanding of how their analysts interpret key regulatory, political and environmental events and their economic impact.

This product consists of a Summary Analysis: Bi-annual (at least). An abbreviated analysis containing Standard & Poor’s issuer credit ratings as of the time the article was published. The analysis includes a rating rationale - the basis on which the rating was assigned - and an outlook section if the issuer is not on CreditWatch. Financial statistics are not included.
