Peptide Therapeutics Market: Global Industry Analysis and Opportunity Assessment, 2015 - 2020

Description: This industry offers a 6-year forecast of the global peptide therapeutics market between 2015 and 2020. In terms of value, the market is expected to register a CAGR of 2.9% during the forecast period. This study demonstrates market dynamics and trends in all seven regions that influence the current environment and future status of the peptide therapeutics market over the forecast period.

Report Description

This report examines the peptide therapeutics market for the period 2015–2025. The primary objective of the report is to offer insights into developments in the peptide therapeutics market that are significantly transforming global businesses and enterprises.

The global peptide therapeutics market report begins with defining 'what are peptides' and the various drug classes using peptides with regard to various ailments. It is followed by an overview of the global peptide therapeutics market. The overview section includes analysis of key trends, drivers, restraints, trends and opportunities that are influencing growth of the peptide therapeutics market. It also includes an insight into upcoming drug pipeline of various drug makers using peptides and market shares of major players, apart from region-specific regulations. Impact analyses of key growth drivers and restraints based on a weighted average model have been included in the 'global peptide therapeutics market report' to better equip customers and readers with region specific trends and insights.

The primary driving factors for peptide therapeutics are significant increase in cases of metabolic disorders such as diabetes, obesity, and osteoporosis. Further, increase in cancer incidences have also triggered the growth of the peptide therapeutics market. Research indicates that brain disorders including developmental, psychiatric and neurodegenerative diseases represent a significant disease burden in terms of human suffering and economic cost across the globe. These pump demand for peptide-based drugs for major ailments. The primary factor hampering growth of the peptide market is rising product complexity and lack of skilled labour to manufacture these drugs.

The global peptide therapeutics market is segmented based on disease indications. These include cancer, respiratory, CNS, cardio-vascular, metabolic disorders and others. A detailed analysis has been provided for all ten categories of diseases and sub-segment in terms of market size, Y-o-Y growth rate, absolute $ opportunity and BPS analysis.

The report has also been segmented based on various drug administration channels such oral and parenteral. A deep analyses along with market attractiveness for each of the categories have been provided in the report.

The next section of the report highlights the peptide therapeutics market by region. It provides a market outlook for 2014–2020 and sets the forecast within the context of the peptide therapeutics market. The study discusses key regional trends contributing to growth of the peptide therapeutics market worldwide, as well as analyses the extent to which drivers are influencing this market in each region. Key regions assessed in this report include North America, Europe, Asia Pacific and Rest of the world.

The above sections – by disease indication, route of administration and region – evaluate the present scenario and growth prospects of the peptide therapeutics market for the period 2014 –2020. We have considered 2014 as the base year and provide data for the forecast period, i.e. 2014–2020.

To ascertain the market size of peptide therapeutics, we have also considered revenue generated by drug manufacturers. The forecast presented here assesses the total revenue by value across the peptide therapeutics market. In order to offer an accurate forecast, we started by sizing the current market, which forms the basis of how the peptide therapeutics market is expected to develop in the future. Given the characteristics of the market, we triangulated the outcome of three different types of analysis, based on supply side, downstream industry demand and the economic envelope.
In addition, it is imperative to note that in an ever-fluctuating global economy, we not only conduct forecasts in terms of CAGR, but also analyse based on key parameters such as year-on-year (Y-o-Y) growth rates to understand the predictability of the market and to identify the right opportunities across the peptide therapeutics market.

The peptide therapeutics’ market segments in terms of disease indication, route of administration and region are analysed in terms of Basis Point Share (BPS) to understand individual segment’s relative contributions to market growth. This detailed level of information is important for identification of various key trends in the peptide therapeutics market.

Another key feature of this report is the analysis of key segments in terms of absolute dollar opportunity. This is traditionally overlooked while forecasting the market. However, absolute dollar opportunity is critical for assessing the level of opportunity that a provider can look to achieve, as well as to identify potential resources from a sales and delivery perspective of the peptide therapeutics market.

To understand key growth segments in terms of growth and adoption for the ten disease indications across the globe in the near future, Future Market Insights developed the peptide therapeutics market ‘Attractiveness Index’. The resulting index should help providers identify real market opportunities.

In the final section of the report on peptide therapeutics, ‘Competitive Landscape’ is included to provide report audiences with a dashboard view, based on categories of providers in the value chain of the peptide therapeutics product portfolio and key differentiators. Key categories of providers covered in the report are peptide therapeutics manufacturers. This section is primarily designed to provide clients with an objective and detailed comparative assessment of key providers specific to a market segment in the peptide therapeutics value chain and the potential players for the same. Report audiences can gain segment-specific vendor insights to identify and evaluate key competitors based on in-depth assessment of capabilities and successes in peptide therapeutics marketplace.

Detailed profiles of the drug makers are also included in the scope of the report to evaluate their long-term and short-term strategies, key offerings, SWOT analysis and recent developments. Key players include Amgen, Inc., AstraZeneca plc, Bachem Holding AG, Eli Lilly & Co., Ipsen, Lonza, Inc., Merck & Co., Novartis AG, Novo Nordisk A/S, Polypeptide Group, Roche Holding AG, Sanofi, Takeda Pharmaceutical Company Limited and Teva Pharmaceuticals Limited.

Key Segments Covered

Disease Indication
Cancer
CNS indications
Cardiovascular Diseases
Metabolic Diseases
Infections
Haematological disorders
Gastrointestinal Disorders
Respiratory Disorders
Acromegaly
Others (includes pain therapeutics, osteoporosis, etc.)
By Route of Drug Administration
Oral
Parenteral

Key Regions Covered

North America
Europe
Asia Pacific
Rest of World

Key Companies

Amgen, Inc.,
AstraZeneca plc,
Bachem Holding AG, Eli Lilly & Co.,
Ipsen,
Lonza, Inc.,
Merck & Co.,
Novartis AG,
Novo Nordisk A/S,
Polypeptide Group,
Roche Holding AG,
Sanofi,
Takeda Pharmaceutical Company Limited and
Teva Pharmaceuticals Limited

Contents:

Chapter 1 Introduction
1.1 Report Description
1.2 Market Segmentation
1.3 Research Methodology
1.4 List of Abbreviations
1.5 Assumptions and Stipulations

Chapter 2 Executive Summary
2.2 Global Peptide Therapeutics Market, by Applications, 2014 (USD Million)

Chapter 3 Global Peptide Therapeutics Market Overview
3.1 Introduction
3.2 Emerging Trends in Peptide Therapeutics Market
3.2.1 Trends in Peptide Manufacturing Technology
3.2.2 Trends in Peptide API Supply
3.3 Market Dynamics
3.3.1 Drivers
3.3.1.1 Increase in cancer and diabetes patient population to propel the growth of new peptides
3.3.1.2 Rich R&D pipeline of peptide drugs is expected to drive growth
3.3.1.3 Technological advancements have reduced total production cost of peptides
3.3.2 Restraints
3.3.2.1 Increasing complexity of peptides is a huge challenge for API manufacturers
3.3.2.2 Lack of regulatory standards
3.3.3 Opportunities
3.3.3.1 Generic peptides market to flourish with patent cliff expected during the forecast period
3.3.3.2 Biotech firms collaborating with large pharmaceutical companies to explore further growth
3.4 Regulatory Scenario
3.5 Porter's Five Forces Analysis: Global Peptide Therapeutics Market
3.5.1 Bargaining Power of Suppliers
3.5.2 Bargaining Power of Buyer
3.5.3 Threat of Substitutes
3.5.4 Threat of New Entrants
3.5.5 Competitive Rivalry
3.6 Event Impact Analysis
3.6.1 Event Impact Analysis: Global Peptide Therapeutics Market
3.7 Market Attractiveness Analysis
3.7.1 Market Attractiveness Analysis of Global Peptide Therapeutics Market, by Geography, 2014
3.8 Market Share Analysis

Chapter 4 Global Peptide Therapeutics Market, by Applications
4.1 Introduction
4.1.1 Global Peptide Therapeutics Market Revenue, by Application, 2014 – 2020 (USD Million)
4.2 Cancer
4.2.1 Global Cancer Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.2.2 Zoladex (goserelmin)
4.2.3 Velcade (bortezomib)
4.2.4 Lupron/ Enantone/ Eligard (leuprolerin)
4.2.5 Others
4.3 Cardiovascular
4.3.1 Global Cardiovascular Disorders Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.3.2 Angiomax (bivalirudin)
4.3.3 Integritin (eptifibatide)
4.4 Central Nervous System
4.4.1 Global Central Nervous System Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.4.2 Copaxone (glatiramer)
4.5 Metabolic Disorders
4.5.1 Global Metabolic Disorders Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.5.2 Victoza (liraglutide)
4.5.3 Byetta (exenatide)
4.5.4 Others
4.6 Infection
4.6.1 Global Infection Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.6.2 Incivek (telaprevir)
4.6.3 Victrelis (boceprevir)
4.7 Hematological Disorders
4.7.1 Global Hematological Disorders Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.7.2 Firazyr (icatibant)
4.7.3 Kalbitor (ecallantide)
4.8 Gastrointestinal Disorders
4.8.1 Global Gastrointestinal Disorders Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.8.2 Gattex (teduglutide)
4.8.3 Linzess (linclotide)
4.9 Respiratory Disorders
4.9.1 Global Respiratory Disorders Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)
4.10 Acromegaly
4.10.1 Global Acromegaly Peptide Therapeutics Market Revenue, 2014 – 2020 (USD Million)
4.11 Other Applications
4.11.1 Global Other Applications Peptide Therapeutics market Revenue, 2014 - 2020 (USD Million)

Chapter 5 Global Peptide Therapeutics Market, by Route of Administration

5.1 Introduction
5.1.1 Global Peptide Therapeutics Market Revenue, by Route of Administration, 2014 - 2020 (USD Million)
5.2 Parenteral Route of Administration
5.2.1 Global Peptide Therapeutics Market Revenue, by Parenteral Route of Administration, 2014 - 2020 (USD Million)
5.3 Oral Route of Administration
5.3.1 Global Peptide Therapeutics Market Revenue, by Oral Route of Administration, 2014 - 2020 (USD Million)

Chapter 6 Global Peptide Therapeutics Market, by Marketing Status

6.1 Introduction
6.1.1 Global Peptide Therapeutics Market Revenue, by Marketing Status, 2014 - 2020 (USD Million)
6.2 Branded Peptide Therapeutics
6.2.1 Global Branded Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)
6.3 Generic Peptide Therapeutics
6.3.1 Global Generic Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)

Chapter 7 Global Peptide Therapeutics Pipeline Overview

7.1 Introduction
7.1.1 Global Peptide Therapeutics Pipeline Overview

Chapter 8 Global Peptide Therapeutics Market, by Geography

8.1 Introduction
8.1.1 Global Peptide Therapeutics Market Revenue, by Geography, 2014 - 2020 (USD Million)
8.2 North America
8.2.1 North America Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)
8.3 Europe
8.3.1 Europe Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)
8.4 Asia Pacific
8.4.1 Asia Pacific Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)
8.5 Rest of the World
8.5.1 Rest of the World Peptide Therapeutics Market Revenue, 2014 - 2020 (USD Million)

Chapter 9 Recommendations

9.1 Rigorous research and development (R&D) would yield new products
9.2 Facility expansion in emerging economies
9.3 Rapid inorganic growth through acquisitions

Chapter 10 Company Profiles

10.1 Amgen, Inc.
10.1.1 Company Overview
10.1.2 Financial Overview
10.1.3 Product Portfolio
10.1.4 Business Strategies
10.1.4.1 Mergers and acquisitions
10.1.5 Recent Developments
10.2 AstraZeneca plc
10.2.1 Company Overview
10.2.2 Financial Overview
10.2.3 Product Portfolio
10.2.4 Business Strategies
10.2.4.1 Acquisitions and collaborations
10.2.5 Recent Developments
10.3 Bachem Holding AG
10.3.1 Company Overview
10.3.2 Financial Overview
10.3.3 Product Portfolio
10.3.4 Business Strategies
10.3.4

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3517162/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit
http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Peptide Therapeutics Market: Global Industry Analysis and Opportunity Assessment, 2015 - 2020
Web Address: http://www.researchandmarkets.com/reports/3517162/
Office Code: SCPLHPN9

Product Formats
Please select the product formats and quantity you require:

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
