Europe Patient Monitoring and Diagnostic Systems Market Trends Forecast To 2020

Description: The Market Intelligence report provides critical market data for Patient monitoring and diagnostics and its product categories for the European region and its countries; France, Germany, Italy, Spain and the UK. The data includes market size in terms of value and volume; average selling price for each product type, growth trends and market shares of companies at sector and category level.

It's vital “cross category comparison” and “cross sub-category comparison” section makes analysis very handy for company professionals. The report helps professionals in mapping market size, competition, understanding historic and future growth trends.

It covers important categories such as blood pressure monitors, cardiovascular monitoring systems, blood glucose monitoring devices, hearing diagnostics, micro-electromechanical systems multiparameter patient monitors, remote monitoring systems, sleep apnea diagnostic systems and wireless hospital ambulatory monitors.

Market Size
Market size in terms of value ($) and volume (units), for each level of segmentation from 2007 to 2014 and forecast till 2020.

Market Growth
Market growth in terms of value ($) and volume (units), for each level of segmentation from 2007 to 2014 and forecast till 2020.

Competitive Analysis
Market share (%) of companies is covered at sector and category level for 2014.

Pricing Analysis
Average selling price ($) for each product type from 2007 – 2014 and forecast till 2020.

Cross category comparison and cross sub-category comparison – Forecast and historic market growth and market size comparison for various categories and sub-categories from 2007 to 2014 and 2014 to 2020.
