Potassium Channel Openers -Pipeline Insights, 2016

Description: SUMMARY
The report, “Potassium Channel Openers-Pipeline Insights, 2016” provides in depth insights on the pipeline drugs and their development activities around the Potassium Channel Openers. The report covers the product profiles in various stages of development including Discovery, Pre-clinical, IND, Phase I, Phase II, Phase III and Preregistration. Report covers the product clinical trials information and other development activities including technology, licensing, collaborations, acquisitions, fundings, patent and USFDA & EMA designations details. The report Report also provides detailed information on the discontinued and dormant drugs that have gone inactive over the years for Potassium Channel Openers. The report Report also assesses the Potassium Channel Openers therapeutics by Monotherapy, Combination products, molecule type and Route of Administration.

Please note: This report requires certain updates. We have all the information available but require 3 business days to complete the process and ensure it is as up-to-date as possible. Certain sections in the report may be removed or altered based on the availability and relevance of data for the indicated indication.

Scope
- The report provides competitive pipeline landscape of Potassium Channel Openers
- The report provides pipeline products under drug profile section which includes product description, MOA, licensors & collaborators, development partner and chemical information
- Coverage of the Potassium Channel Openers pipeline on the basis of target, MOA, route of administration, technology involved and molecule type

- The report reviews key players involved in the therapeutics development for Potassium Channel Openers and also provide company profiling
- The report also gives the information of dormant and discontinued pipeline projects
- Pipeline products coverage based on various stages of development ranging from preregistration till discovery and undisclosed stages
- Provides pipeline assessment by monotherapy and combination therapy products, stage of development and molecule type

Reasons to buy
- Complete MOA intelligence and complete understanding over therapeutics development for Potassium Channel Openers
- Identify the relationship between the drugs and use it for target finding, drug repurposing, and precision medicine.
- Devise corrective measures for pipeline projects by understanding Potassium Channel Openers pipeline depth and focus of Indication therapeutics
- Developing strategic initiatives to support your drug development activities.
- Optimize your portfolio and keep you in touch with the rapidly changing pharmaceutical markets, and make the best decisions for your business.
- Develop and design in licensing and out licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope
- Provides strategically significant competitor information, analysis, and insights to formulate effective R&D development strategies
- Modify the therapeutic portfolio by identifying discontinued projects and understanding the factors that drove them from pipeline
- Gaining a Full Picture of the Competitive Landscape for Evidencebased Decisions

Contents:
- Potassium Channel Openers Overview
- Potassium Channel Openers Disease Associated
- Potassium Channel Openers Pipeline Therapeutics
- Potassium Channel Openers Therapeutics under Development by Companies
- Potassium Channel Openers Filed and Phase III Products
- Comparative Analysis
- Potassium Channel Openers Phase II Products
- Comparative Analysis
- Potassium Channel Openers Phase I and IND Filed Products
- Comparative Analysis
- Potassium Channel Openers Discovery and Pre-Clinical Stage Products
- Comparative Analysis
- Drug Candidate Profiles
- Potassium Channel Openers – Therapeutics Assessment
- Assessment by Monotherapy Products
- Assessment by Combination Products
- Assessment by Route of Administration
- Assessment by Molecule Type
- Potassium Channel Openers – Discontinued Products
- Potassium Channel Openers – Dormant Products
- Companies Involved in Therapeutics Development for Potassium Channel Openers
- Appendix
- Methodology
- Contact Us
- Disclaimer

List of Tables
- Number of Products under Development for Potassium Channel Openers by Therapy Area, 2016
- Number of Products under Development for Potassium Channel Openers, 2016
- Number of Products under Development by Companies
- Comparative Analysis by Filed and Phase III Products, 2016
- Comparative Analysis Phase II Products, 2016
- Comparative Analysis Phase I and IND Filed Products, 2016
- Comparative Analysis Discovery and Pre-Clinical Stage Products, 2016
- Drug Candidates Profiles
- Potassium Channel Openers Assessment by Monotherapy Products
- Potassium Channel Openers Assessment by Combination Products
- Potassium Channel Openers Assessment by Route of Administration
- Potassium Channel Openers Assessment by Stage and Route of Administration
- Potassium Channel Openers Assessment by Molecule Type
- Potassium Channel Openers Assessment by Stage and Molecule Type
- Potassium Channel Openers Therapeutics – Discontinued Products
- Potassium Channel Openers Therapeutics – Dormant Products
- Products under Development by Companies, 2016

List of Figures
- Number of Products under Development for Potassium Channel Openers by Therapy Area, 2016
- Number of Products under Development for Potassium Channel Openers, 2016
- Filed and Phase III Products, 2016
- Phase II Products, 2016
- Phase I and IND Filed Products, 2016
- Discovery and Pre-Clinical Stage Products, 2016
- Potassium Channel Openers Assessment by Monotherapy Products
- Potassium Channel Openers Assessment by Combination Products
- Potassium Channel Openers Assessment by Route of Administration
- Potassium Channel Openers Assessment by Stage and Route of Administration
- Potassium Channel Openers Assessment by Molecule Type
- Potassium Channel Openers Assessment by Stage and Molecule Type

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3534657/
Order by Fax - using the form below
Order by Post - print the order form below and send to
Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Potassium Channel Openers -Pipeline Insights, 2016
Web Address: http://www.researchandmarkets.com/reports/3534657/
Office Code: SCD2ILQI

Product Formats
Please select the product formats and quantity you require:
